CODE:	PW803-23-55-301-10-01	REPORTS TO:	Chief of Plats and Plans

Position Purpose

This position interprets title and survey data and assists in the design and preparation of right-of-way plats and plans, legal descriptions, related documents, and drawings concerned with acquisition and condemnation. S/He is responsible for the review of such plats, plans, and descriptions as prepared by consultants in order to facilitate the timely acquisition of required right-of-way. The incumbent is also responsible for overseeing and cataloging in-house historical data.

Dimensions

Subordinates:	1-3 Direct
Parcels Plats Prepared:	100-300
Number of Projects:	5-20
Cost of Right-of-Way Acquisition:	\$500,000-\$1.5 Million

Nature and Scope

This position reports to the Chief of Plats and Plans. Reporting to this position is one Plats and Plans Technician.

This position has a direct influence in ensuring that obligated construction funds are not lost by providing the timely completion of high standard legal right-of-way documents. The incumbent assists in mitigating litigation costs through proper evaluation of all title evidence. S/He provides right-of-way plans, plats and legal descriptions used for the acquisition of right-of-way. This position will be working in various stages simultaneously, with several different consulting engineering firms, as well as in-house designers.

Typical problems involve the design and development of right-of-way plans, plats and legal descriptions which often are extremely complicated because of conflicting ownership and title evidence of record. The greatest challenge of this position is to provide protection to the department by ensuring that highway improvements are constructed on land owned by the department.

This position personally directs and monitors the progress of right-of-way work, determining title needs, researching ownership records and reviewing title commitments. S/He personally reviews all documents prepared under his/her direction. This position schedules, monitors and directs the work of the consulting engineering firms in their preparation of right of way plans, plats and legal descriptions. This position analyzes and correlates right of way requirements, ownership and title evidence, field survey data and determines the location of property lines and record land monuments. S/He conducts courthouse research as required. This position performs occasional field surveys.

The incumbent accomplishes accountabilities through the following staff:

Plats and Plans Technician – Preparing right-of-way plats, plans, legal descriptions and court exhibits or revising such plats as prepared by consultants.

The incumbent is required to exercise considerable independent judgment using past experience in evaluating title evidence and portraying and describing parcels to be acquired. The work of this position is broadly governed by Illinois and federal statutes and by Municipal and County ordinances and resolutions with freedom for personal and professional interpretation. S/He is constrained by departmental rules and regulations.

In performing the functions of this position, the incumbent deals with the following contacts: Central Bureau of Land Acquisition as to policy, clarification, advice and the district Bureaus of Program Development, Project Implementation and Operations regarding the status of past, present and future right-of-way plats and plans and legal documents as needed, as well as various consultant engineering firms, title companies, land surveyors, land owners and attorneys in resolving problems related to right-of-way requirements, recording of deeds and the accuracy of plats and descriptions. The incumbent also communicates with local surveyors and consultants in researching boundary lines and right-of-way issues. District wide travel is required.

The performance of the incumbent is measured by the ability to meet determined work schedules and the ability to search for any and all stored historical data required.

Principal Accountabilities

1. Assures that preparation of plats and plans and related documents are prepared accurately.
2. Assures that all consultant plans are properly reviewed and accurate.
3. Assures that all time frames established for the preparation of plats and plans are adhered to.
4. Assures that all title reports required are ordered in advance, in order to minimize delays to acquisition and are reviewed for possible conflicts.
5. Assures existing right-of-way plan sheets are current and accurate.
6. Assures that all inquiries are properly answered.
7. Assures that all subordinates are properly trained and reviewed.
8. Assures that all required survey data is properly requested and reviewed.
9. Assures that all court displays, as required for condemnation trials, are prepared accurately and within established time frames.
10. Performs other duties as assigned.
11. Performs duties in compliance with departmental safety rules. Performs all duties in a manner conducive to the fair and equitable treatment of all employees.
