Position Number:	PW011-23-52-303-10-01	IPR#:	42775

Office/Central Bureau/District/Work Address:

Office of Highways Project Implementation / Region 2 / District 2 / Bureau of Program Development / 819 Depot Avenue, Dixon, IL

Description Of Duties:

This position is accountable for providing drafting skills in the preparation of contract plans, and providing support in the development of design reports by retrieval of data and preparation of exhibits.

Special Qualifications:

Desired:

- An associate degree from an accredited two-year civil engineering technology program or two years of college in pre-engineering or civil engineering technology
- Working knowledge of the preparation of design plans and the ability to perform necessary technical computations in planning preparation
- Ability to communicate effectively and follow oral and written instructions

Shift/Remarks:

8:00 am - 4:30 pm / Monday – Friday, subject to variance according to district operational needs.

THIS IS AN ENTRY-LEVEL POSITION.

PLEASE PROVIDE AN OFFICIAL COLLEGE TRANSCRIPT FOR COMPLETED COURSEWORK.

IDOT considers official college transcripts to be original embossed transcripts in a sealed envelope from the university/college or in PDF format sent from the university/college directly to the Bureau of Personnel Management.

*Individual salary offers are computed based on an applicant's current position and experience level in comparison to the posted title as well as internal equity of staff in the organizational unit.

**Technical Application PM1080 (revised 6/1/17) is required. No previous version of the PM1080 will be accepted.

**ILLINOIS DEPARTMENT OF TRANSPORTATION
POSITION DESCRIPTION**

DATE:	May 2018	POSITION:	Squad Technician
APPROVED BY:	Kevin Marchek	OFFICE/DIVISION:	District 2 – Program Development
CODE:	PW011-23-52-303-10-01	REPORTS TO:	Senior Squad Leader

Position Purpose

This position is accountable for providing drafting skills in the preparation of contract plans and provides support in the development of design reports by retrieval of data and preparation of exhibits.

Dimensions

Subordinates:	None
Program Value of Contracts and Studies:	\$50,000 to \$5 Million
Number of Studies and Contracts Being Worked on Simultaneously:	3 – 5 per year of various lengths

Nature and Scope

This position reports to the Senior Squad Leader. No subordinate personnel report to this position.

The incumbent of this position performs in an environment of pre-determined and accelerated deadlines. He/She is responsible for providing drafting and lettering skills, and to provide accurate and complete work in a timely manner to ensure his/her part toward meeting these deadlines. He/She is also involved in the preparation of handouts, maps, and displays for public meetings, along with researching and collecting data for preparation of project studies.

Typical problems faced by the incumbent include preparing detailed drafts and sketches of proposed geometric layouts and compiling data from a variety of sources for inclusion in highway studies and improvement plans. Preparing design layouts and drawings which are complete and accurate is the greatest challenge to this position.

The incumbent is personally responsible for providing drafting and lettering skills. He/She prepares drawings and checks arithmetic of quantity calculations. Functions personally performed by the incumbent include: retrieving data from as-built plans, survey books, and files; preparing exhibits for reports and public meetings; plotting survey data from field notes; preparing layouts of vertical and horizontal alignments, computing horizontal and vertical curve data; preparing special displays or forms for supervisors' use; sorting and binding report material; assisting in field surveys and/or investigations; and setting up displays and/or arranging a room for public meetings. He/She works on a project basis and receives all of his/her assignments from his/her supervisor. If problems arise, the incumbent must report them to his/her supervisor for a resolution.

The incumbent is required to operate within the guidelines of the department standards and specifications. He/She must also closely adhere to the directions of his/her supervisors.

Internal contacts include other sections within the Bureau of Program Development for the purpose of obtaining information relative to specific design projects and regarding right-of-way requirements. He/She has occasional contact with the Bureau of Operations for signing requirements and to obtain information regarding maintenance problems and landscaping requirements, and with the Bureau of Project Implementation for soil survey data. External contacts include local, county, and state agencies and the general public affected by the proposed designs being studied.

The performance of this position can best be measured by the quality and quantity of work produced and the ability to work as an efficient and effective team member.

Principal Accountabilities

1. Responsible for providing complete and accurate drawings in a timely manner to ensure his/her part toward meeting schedules.
2. Verifies arithmetical quantity calculations to ensure accurate engineer cost estimates.
3. Assists in obtaining accurate survey data to ensure the effectiveness of designs.
4. Performs duties in compliance with departmental safety rules. Performs all duties in a manner conducive to the fair and equitable treatment of all employees.
5. Performs other duties as assigned.
