Ottawa, IL – The Illinois Department of Transportation has announced that intermittent ramp closures at the I-39 and US 6 interchange will begin Tuesday, August 16, 2016.

A \$1,781,023.93 contract has been awarded to Advanced Asphalt Company of Princeton, Illinois for this work. The project includes patching at the I-39 interchange and resurfacing US Route 6 from the Little Vermillion River Bridge to IL Route 178.

During ramp closures, message board will be used to direct traffic. The ramp closures are expected to last approximately one week.

Please slow down and use extreme caution while driving through all work zones.

(Contract #66D50)
