When opening the bid proposal PDF the affidavit will be the first page of the PDF. Please insert the completed affidavit after page 4 of your bid proposal submittal.

We have included a sample of the new affidavit on the following page.

Please note that the bidder and notary signatures must be original for each submitted bid.

**This affidavit is not required on federally-funded projects.** If the affidavit is not the first page of the PDF, then the project is federally-funded.

If you have any questions please contact Jim Layden at [Jim.Layden@Illinois.gov](mailto:Jim.Layden@Illinois.gov) or at 217-782-7806.

# Special Notice Regarding IDOT Proposals and Authorization To Bid.

## ABOUT IDOT PROPOSALS

All proposals issued by IDOT are potential bidding proposals. Each proposal contains all Certifications and Affidavits, a proposal signature sheet and a Proposal Bid Bond required for a Prime Contractor to submit a bid after written AUTHORIZATION TO BID has been issued by IDOT. A Proposal Bid Bond and Authorization To Bid are not required on items designated as Small Business Set-Asides.

## ABOUT AUTHORIZATION TO BID (Not required for Small Business Set-Asides)

**WHO CAN BID?** Bids will be accepted from only those companies that **request and receive** written **Authorization to Bid** from IDOT. To request authorization, a potential bidder must complete and submit Part A of the Request for Authorization to Bid/or Not For Bid Status for ([BDE 124](#)).

**WHAT CONSTITUTES AUTHORIZATION TO BID?** When a prospective prime bidder submits a BDE 124 and the Affidavit of Availability ([BC 57](#)), he/she must indicate at that time which items are being requested for bidding purposes. Only those items requested For Bidding will be analyzed. After the request has been analyzed, the bidder will be issued an **Authorization To Bid or Not For Bid Report** that indicates which items have been approved for bidding. If **Authorization to Bid** cannot be approved, the **Authorization To Bid or Not For Bid Report** will indicate the reason for denial.

**FIRMS UNSURE AS TO AUTHORIZATION STATUS?** Firms that have not received an authorization form within a reasonable time of complete and correct original document submittal should contact the department as to status. This is critical in the week before the letting. These documents must be received by three days before the letting date. Firms unsure as to authorization status should call the Prequalification Section of the Bureau of Construction at 217/782-3413.

### **NOTICE**

NO AUTHORIZATION TO BID WILL BE ISSUED UNTIL A **COMPLETED PART A OF FORM BDE 124** AND THE **ORIGINAL** AFFIDAVIT OF AVAILABILITY HAS BEEN FILED WITH THE CENTRAL BUREAU OF CONSTRUCTION.

FOR SMALL BUSINESS SET-ASIDES, THE AFFIDAVIT OF AVAILABILITY IS NOT REQUIRED.

## SPECIAL NOTICE

The Department strongly encourages the prime contractor and their approved sub-contractors to hire minority, women and disadvantaged individuals from its federally funded Highway Construction Careers Training Program (HCCTP) to help meet workforce and trainee goals. This program is training minorities, women and disadvantaged individuals in highway construction-related skills, e.g., math for the trades, job readiness, technical skills coursework (carpentry, concrete flatwork, blueprint reading, site plans, site work, tools use, etc.) and OSHA 10 hour certification, to prepare them for a career in the highway construction trades. Graduates are well-trained and ready to become productive entry-level construction workers. Contact the appropriate district EEO officer to learn more about the program and for assistance in meeting workforce and trainee goals.

## SPECIAL NOTICE

Please discontinue faxing your Affidavit of Availability with your Request for Authorization to Bid/or Not For Bid Status request.

We are required to use only the *Original* Affidavit of Availability to determine a contractor's authorization to bid. This document has a notarized signature and we must have the *original signature* prior to processing your request. The faxed copies are not being looked at and are just generating excess paper that we have to destroy.

Thank you for your cooperation in this matter.

*If you have questions please contact Jim Layden at (217) 782-7806 or [Jim.Layden@illinois.gov](mailto:Jim.Layden@illinois.gov).*

## SPECIAL NOTICE

## **SPECIAL NOTICE**

### **IMPORTANT NOTICE FOR ALL ILLINOIS CONTRACTORS/CONSULTANTS**

The Procurement Communication Reporting requirements of Public Act 96-0795 and Public Act 96-0920 (Senate Bill 51 and Senate Bill 3576) became effective on January 1, 2011. The new law requires the following communications to be reported to the Procurement Policy Board (PPB):

- Communication pertaining to the substance of a procurement matter.
- Communication that suggests a change or asks for a change to be made to a procurement matter.
- Communication regarding a change order, contract renewal or extension, and contract awards for a procurement matter initiated by a vendor.

In addition, a vendor is prohibited from bidding on or entering into a contract if the vendor:

- Assisted the agency in determining a need for a contract (except as part of a public Request for Information).
- Assisted the agency by reviewing, drafting or preparing an invitation for bid, RFI or RFP, etc. (except as part of public opportunity).

Please note that the following communications need not be reported:

- Statements made by a person in a public forum such as a trade show or public meeting.
- Statements made regarding a matter of practice or procedure.
- Statements initiated by a state employee about products, services, or industry best practices.
- Statements initiated by a vendor concerning general information about products, services, or industry best practices -- so long as they are not specific to a current or potential procurement matter.
- Communications initiated by a vendor regarding construction or construction-related contracts resulting in a contract modification of less than \$250,000.

In order to conform to these new requirements, please note that IDOT intends to fully report the substance of any reportable procurement communications to the PPB through a web application developed by Central Management Services. The law requires the PPB to post all communications received on their website within 7 days of receipt of the report.

It is important to understand that all communications received by IDOT employees from vendors will be handled in compliance with the new law. This means that any phone calls, face-to-face conversations, e-mails, or other types of communications that trigger reporting will be fully reported to the PPB in accordance with the law and will ultimately be made public on the PPB Internet site.

More information regarding IDOT Procurement Reform initiative is available on the IDOT Internet Site at the following address: <http://www.dot.il.gov/procurementreform.htm>

# SPECIAL NOTICE

## **Clarification of Reconsideration for DBE Utilization Plans**

All prime contractors please take note that the DBE utilization plans, both forms SBE 2025 and SBE 2026, are required to be submitted with the bid on all construction contracts that contain a specified goal in the special provision for Disadvantaged Business Enterprise Participation. Based on recent FHWA clarification, the DBE Special Provision has been updated to clarify what conditions warrant providing the bidder an opportunity for an administrative reconsideration and what documentation may be provided during the reconsideration process.

Under the DBE Special Provision the bidder must either document that it has obtained enough DBE participation to meet the contract DBE goal or, in the event that the bidder has not obtained enough DBE participation to meet the contract DBE goal, documented good faith efforts. If the Department determines that the apparent low bidder has either failed to achieve the contract DBE goal or failed to provide sufficient documentation of its good faith efforts, the bidder will be afforded an opportunity for an administrative reconsideration at which time additional written documentation or argument of the bidder's good faith efforts made prior to the bid may be submitted.

The additional documentation that may be provided and considered during the reconsideration should be limited to information further supporting the bidder's original submittal. In limited cases, where a bidder had genuinely thought it had achieved the DBE goal but a review of the Utilization Plan establishes that the goal was not met, the bidder may submit documentation of its good faith efforts that were made prior to submitting its bid. Allowing additional documentation to be submitted during an administrative reconsideration is not intended to be a method by which a bidder may circumvent the intent of the regulations and the DBE Special Provision by withholding required documentation until the time of a reconsideration proceeding. It is also not intended to allow a bidder to wait until after submitting a bid, but in advance of the reconsideration proceedings, to begin making good faith efforts to meet the goal.

## **SMALL PROJECTS LISTING**

08/03/2012

### **Small Business Initiative Projects**

The following items are designated as Small Business Set-Asides. In accordance with Section 45-45 of the Illinois Procurement Code and the rules of the Department, only bids from qualified small businesses will be considered for award. No construction business is a small business if its annual sales and receipts exceed \$10,000,000.

To encourage maximum competition, these Small Business Set-Aside projects are open bidding items. All bidders are required to submit with the bids a Qualification and Equipment Inventory Certification Form. The form is included with the proposal and bidding documents.

There will be **NO Small Business Set-Aside projects on this letting.**

### **Hot-Mix Asphalt Projects (less than 3000 Ton)**

The following items are small HMA projects designated to encourage the participation of ***prequalified*** small businesses and or ***prequalified*** Disadvantaged Business Enterprises. These items have up to 3,000 tons of bituminous products; however, the ownership of a bituminous plant is not required in accordance with 44 Illinois Administrative Code 650.70. These designated projects are open for bidding by any pre-qualified contractor with a Hot-Mix Asphalt (HMA) Paving work rating or a Hot-Mix Asphalt (HMA) Plant Mix work rating. All other prequalification requirements are unchanged.

## SPECIAL NOTICE

### **RULE FOR SUBMITTAL OF DBE UTILIZATION PLANS**

All prime contractors please note that a complete DBE Utilization Plan includes forms [SBE 2025](#) and [SBE 2026](#).

Both forms are required to be submitted with the bid on all construction contracts that contain a specified goal in the special provision for Disadvantaged Business Enterprise Participation.

Bids that do not have a DBE Utilization Plan as required by special provision will be rejected.

## - SPECIAL NOTICE REGARDING DISADVANTAGED BUSINESS ENTERPRISE PARTICIPATION -

### 1. Disadvantaged Business Enterprise (DBE) Utilization Plan

For proposals that contain a Special Provision for Disadvantaged Business Enterprise Participation **it is the responsibility of each bidder to submit a DBE Utilization Plan (Plan)** ([Form SBE 2026](#) and [Form SBE 2025](#)) as required by the Special Provision. Forms for the submittal of the Plan are available on the IDOT Web Site, in each district's Bureau of Construction office or by calling IDOT's Bureau of Small Business Enterprises at (217) 782-5490.

**DBE Plan submittal** - As detailed in the Special Provision entitled "DISADVANTAGED BUSINESS ENTERPRISE PARTICIPATION (BDE)"; all bidders must submit [Form SBE 2026](#) and [Form SBE 2025](#) with their bid at the Letting. **Failure to submit both forms with the bid shall cause the bid to be rejected as not responsive.**

**SEE THE SPECIAL PROVISIONS WITHIN THE PROPOSALS FOR SPECIFIC DBE GOAL PERCENTAGES**

### 2. Illinois Unified Certification Program DBE Directory

Pursuant to the requirements of the federal regulations, all state transportation agencies that receive federal-aid funds are required to implement a "one-stop" certification process for DBEs. As a result of this requirement, IDOT, together with the City of Chicago, CTA, Metra and Pace, has established the Illinois Unified Certification Program (IL UCP).

The IL UCP maintains a DBE Directory to provide a reference source to assist bidders/proposers in meeting DBE contract goals. The DBE Directory lists the DBE-certified firms in alphabetical order with their address, contact information and specialty of work. It is the responsibility of the prime contractor/consultant to make his/her own determination regarding the capability of a DBE firm. Only those firms certified as of the letting date/bid opening may be utilized in meeting a DBE contract goal.

### 3. Supportive Services Consultants

IDOT's Office of Business and Workforce Diversity's Bureau of Small Business Enterprises administers the federal Disadvantaged Business Enterprise (DBE) program. The goal of IDOT's DBE Supportive Services program is to provide assistance that fosters opportunities for DBE firms to participate in IDOT's transportation-related contracts.

IDOT contracts with outside consultants to provide its DBE firms with **management** and **technical** supportive services assistance. This assistance is provided at no cost to IDOT's DBE firms, to those firms seeking IDOT DBE program certification, to IL UCP DBE-certified firms who hold (or are bidding on) IDOT contracts, and to prime contractors doing business with IDOT.

**Management assistance** includes, but is not limited to, assistance with cash flow, bonding and financing, obtaining work/equipment/other resources, obtaining payments for work completed, preparation of business plans, computer technology, certification/prequalification application assistance, assessment of management/accounting/computer systems, assistance with loan package preparation, development of web site/marketing materials/safety plans, and IDOT DBE workshops on various topics.
