

Emergency Purchase Number: EA 13-02

Office/Division: Division of Highways - District 6

Address: 126 East Ash Street
Springfield, IL 62704

Chief Procurement Officer: Bill Grunloh

Vendor: G&G Steel WireCo WorldGroup

Address: 15825 Hwy 243 Industrial Park 12200 NW Ambassador Dr.
Russellville, AL 35653 Kansas City, MO 64163-1244

Estimated Cost: \$406,993.12

Final Cost: \$406,993.12
G & G Steel - \$126,077.04

This expenditure is justified as: WireCo World Grp - \$280,916.00

- An emergency involving public health.
- An emergency involving public safety.
- Necessary to protect State property from further loss or damage.
- Necessary to prevent or minimize serious disruption in State services.
- Necessary to insure integrity of State records.
- Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code.

The conditions and circumstances requiring this emergency expenditure are:

During a routine inspection, critical defects were discovered on the bridge carrying IL 100/106 over the Illinois River between Scott and Pike Counties, just east of Florence, IL. It was noted that one of the lift bridge's sheaves was not aligned properly and was cutting into the adjacent steel support tower. The bridge was immediately closed in the up position and an evaluation began to determine the cause and extent of the failure.

Closing the bridge in the up position allows the passage of Illinois River barge traffic. However, it prohibits the passage of vehicular traffic. This bridge is a vital crossing between Scott and Pike Counties. Many citizens and businesses (including the agricultural industry) in the area are being very adversely affected by this closure. It is critical to the well being of the citizens, businesses, and industries in this area to get the bridge re-opened as soon as possible. The shortest detour for citizens, emergency responders, etc... is approximately 22 miles round trip. The detour for farm implements, utilized by the agriculture industry is much longer as farm implements are prohibited from traveling on I-72.

IDOT is utilizing a consulting firm to assist with evaluating the cause of the failure and to prepare repair contract plans. A construction contract will be advertised on a November 9, 2012 letting to complete the onsite repair work. This construction contract will consist of removing and replacing all four sheaves (pulleys), trunnions (axles), lift cables and trunnion bearings, as well as repairing and strengthening the lift tower.

Specialized materials needed for this repair consist of wire rope, trunnion bearings, and reconditioned trunnions and sheaves. The lead time for these specialty items is approximately fourteen weeks. To ensure the well being of the citizens, businesses, and industries in this area, and to ensure the bridge is reopened by the spring planting season, it is necessary to procure all specialized materials via emergency contracts. Utilizing emergency contracts will ensure the specialty materials are available for installation upon award of the construction contract (to be let November 9, 2012).

The following quotes were received for procuring the trunnion bearings and reconditioning trunnions and sheaves

G&G Steel \$280,916.00
Steward Machine Co., Inc. \$319,250.00
South Side Machine Works, Inc. \$355,518.00

The following quotes were received for procuring the wire rope:

WireCo. WorldGroup \$126,077.12
Bridon Inc. \$267,467.84 - cannot meet required completion date, non-US steel

The total estimated cost is the sum of the G&G Steel bid for the sheave/trunnion/bearing work and the WireCo WorldGroup bid for the wire rope fabrication = \$406,993.12 (\$280,916.00 + \$126,077.12)

EMERGENCY PURCHASE AFFIDAVIT

Reference # EA 13-02

Chief Procurement Officer (CPO) making a procurement under Illinois Procurement Code (30 ILCS 500/20-30) shall file affidavit with Procurement Policy Board and Auditor General within 10 days.

Agency: Illinois Department of Transportation (Region 4/District 6) Division: Highways

Address: 126 East Ash Street

City: Springfield State: Illinois Zip: 62704

Vendor: G&G Steel WireCo WorldGroup

Address: 15825 Hwy 243 Industrial Park, Russellville, AL 35653 12200 NW Ambassador Dr., Kansas City, MO 64163

City: See above State: See above Zip: See above

State of Illinois)
: SS
County of Sangamon)

I, Roger L. Driskell, being duly sworn, solemnly swear and affirm that I am Region Four Engineer/District 6

I have authorized the emergency procurement in accordance with standards as established by law and rule in fulfillment of the emergency purchase affidavit provisions of Illinois Procurement Code [30 ILCS 500/20-30] as follows.

- Involve threat to public health or public safety.
Immediate expenditure is necessary for repairs to State property to protect against further loss of or damage
To prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues.
To insure integrity of State records
Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code

The conditions and circumstances requiring this emergency purchase, including reason for selection of the particular contractor are:

During a routine inspection, critical defects were discovered on the bridge carrying IL 100/106 over the Illinois River between Scott and Pike Counties, just east of Florence, IL. It was noted that one of the lift bridge's sheaves was not aligned properly and was cutting into the adjacent steel support tower. The bridge was immediately closed in the up position and an evaluation began to determine the cause and extent of the failure.

Expected Start Date: 10/15/2012 Expected End Date: 1/12/2013

Extension of previous emergency purchase: Yes or No

Term of emergency procurement shall not exceed 90 days. Contract may be extended beyond 90 days if CPO determines additional time is necessary; however, prior to execution of extension, CPO must hold a public hearing and provide written description.

Contract Amount: \$406,993.12 Actual or Estimated.

*When only an estimate of cost is available, the actual cost shall be reported immediately after it is determined.

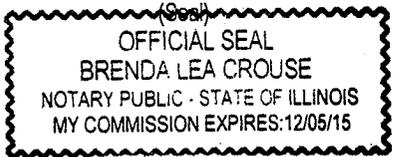

I am duly authorized to make this affidavit. I know and understand the contents of this affidavit and all statements herein are true and correct. This affidavit is made pursuant to and in fulfillment of the requirements of Illinois Procurement Code [30 ILCS 500/20-30].

Approved: Signature of Chief Procurement Officer/State Purchasing Officer Date 10/10/12

Section 20-30. Emergency purchase

(a) Conditions for use. In accordance with standards set by rule, a purchasing agency may make emergency procurements without competitive sealed bidding or prior notice when there exists a threat to public health or public safety, or when immediate expenditure is necessary for repairs to State property in order to protect against further loss of or damage to State property, to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records; provided, however, that the term of the term of the emergency purchase shall be limited to the time reasonably needed for a competitive procurement, not to exceed 90 days. A contract may be extended beyond 90 days if the chief procurement officer determines additional time is necessary and that the contract scope and duration are limited to the emergency. Prior to the execution of the extension, the chief procurement officer must hold a public hearing and provide written justification for all emergency contracts. Members of the public may present testimony. Emergency procurements shall be made with as much competition as is practicable under the circumstances. A written description of the basis for the emergency and reasons for the selection of the particular contractor shall be included in the contract file.

(b) Notice. Notice of all emergency procurements shall be provided to the Procurement Policy Board and published in the online electronic Bulletin no later than 3 business days after the contract is awarded. Notice of intent to extend an emergency contract shall be provided to the Procurement Policy Board and published in the online electronic Bulletin at least 14 days before the public hearing. Notice shall include at least a description of the need for the emergency purchase, the contractor, and if applicable, the date, time and location of the public hearing. A copy of this notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin. Before the next appropriate volume of the Illinois Procurement Bulletin, the purchasing agency shall publish in the Illinois Procurement Bulletin a copy of each written description and reasons and the total cost of each emergency procurement made during the previous month. When only an estimate of the total cost is known at the time of publication, the estimate shall be identified as an estimate and published. When the actual total cost is determined, it shall also be published in like manner before the 10th day of the next succeeding month.

(c) Affidavits. A chief procurement officer making a procurement under this Section shall file affidavits with the Procurement Policy Board and the Auditor General within 10 days after the procurement setting forth the amount expended, the name of the contractor involved, and the conditions and circumstances requiring the emergency procurement. When only an estimate of the cost is available within 10 days after the procurement, the actual cost shall be reported immediately after it is determined. At the end of each fiscal quarter, the Auditor General shall file with the Legislative Audit Commission and the Governor a complete listing of all emergency procurements reported during that fiscal quarter. The Legislative Audit Commission shall review the emergency procurements so reported and, in its annual reports, advise the General Assembly of procurements that appear to constitute an abuse of this Section.

(d) Quick purchases. The chief procurement officer may promulgate rules extending the circumstances by which a purchasing agency may make purchases under this Section, including but not limited to the procurement of items available at a discount for a limited period of time. (Source: P.A. 90-572, eff. date - See Sec. 99-5.)
