

**Emergency Purchase Number:** EA14-05

**Office/Division:** Division of Highways - District 3

**Address:** 700 E. Norris Drive  
Ottawa, IL 61350

Chief Procurement Officer: Bill Grunloh

**Vendor:** Advanced Asphalt Company

**Address:** P.O. Box 234  
Princeton, IL 61356

Estimated Cost: \$4,200,000.00

**Final Cost:** \_\_\_\_\_

This expenditure is justified as:

- An emergency involving public health.
- An emergency involving public safety.
- Necessary to protect State property from further loss or damage.
- Necessary to prevent or minimize serious disruption in State services.
- Necessary to insure integrity of State records.
- Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code.

The conditions and circumstances requiring this emergency expenditure are:

The freeze thaw cycle with an approximate 40° temperature swing combined with the rain receive on January 10, 2014 caused serious failure of approximately 9 miles of bituminous surface course on Interstate 80 between mile post 73 and mile post 97. For the safety of the traveling public Maintenance forces have set-up lane closures and continue to make temporary repairs with cold mix. In order to protect public safety and preserve the interstate infrastructure the surface course will need to be removed and replaced in these areas.

The Department has solicited bids from three local contractors. Of the three local contractors Advanced Asphalt was the only contractor that submitted a bid. The other two contractors "D" Construction and William Charles Construction have their closest asphalt plants down for repairs or relocation and did not submit bids due to extended haul times and material quality concerns for work performed at this time of the year.

Advanced Asphalt is a very well qualified asphalt paving contractor and upon review of the unit prices gave completitive prices for work not normally done under these conditions. Additionally, Advanced Asphalt has their asphalt plant located in Utica, very close to the project, and are able to mobilize immediately.

EMERGENCY PURCHASE AFFIDAVIT

Reference # EA14-05

Chief Procurement Officer (CPO) making a procurement under Illinois Procurement Code (30 ILCS 500/20-30) shall file affidavit with Procurement Policy Board and Auditor General within 10 days.

Agency: Illinois Department of Transportation Division: Division of Highways / Region 2 District 3

Address: 700 E. Norris Dr.

City: Ottawa State: IL Zip: 61350

Vendor: Advanced Asphalt Company

Address: P.O. Box 234

City: Princeton State: IL Zip: 61356

State of Illinois )
County of LaSalle ) : SS

I, Paul A. Loete, being duly sworn, solemnly swear and affirm that I am Deputy Director Region 2 Engineer

I have authorized the emergency procurement in accordance with standards as established by law and rule in fulfillment of the emergency purchase affidavit provisions of Illinois Procurement Code [30 ILCS 500/20-30] as follows.

- Checkboxes for emergency purchase reasons: Involving threat to public health or public safety, Immediate expenditure is necessary for repairs to State property to protect against further loss of or damage, To prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, To insure integrity of State records, Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code

The conditions and circumstances requiring this emergency purchase, including reason for selection of the particular contractor are:

The freeze thaw cycle with an approximate 40° temperature swing combined with the rain receive on January 10, 2014 caused serious failure of approximately 9 miles of bituminous surface course on Interstate 80 between mile post 73 and mile post 97. For the safety of the traveling public Maintenance forces have set-up lane closures and continue to make temporary repairs with cold mix. In order to protect public safety and preserve the interstate infrastructure the surface course will need to be removed and replaced in these areas, The Department has solicited bid from three local contractors.

My Commission expires: April 5, 2016

Approved: Chief Procurement Officer/State Purchasing Officer Date 1/16/14

Section 20-30. Emergency purchase

(a) Conditions for use. In accordance with standards set by rule, a purchasing agency may make emergency procurements without competitive sealed bidding or prior notice when there exists a threat to public health or public safety, or when immediate expenditure is necessary for repairs to State property in order to protect against further loss of or damage to State property, to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records; provided, however, that the term of the term of the emergency purchase shall be limited to the time reasonably needed for a competitive procurement, not to exceed 90 days. A contract may be extended beyond 90 days if the chief procurement officer determines additional time is necessary and that the contract scope and duration are limited to the emergency. Prior to the execution of the extension, the chief procurement officer must hold a public hearing and provide written justification for all emergency contracts. Members of the public may present testimony. Emergency procurements shall be made with as much competition as is practicable under the circumstances. A written description of the basis for the emergency and reasons for the selection of the particular contractor shall be included in the contract file.

(b) Notice. Notice of all emergency procurements shall be provided to the Procurement Policy Board and published in the online electronic Bulletin no later than 3 business days after the contract is awarded. Notice of intent to extend an emergency contract shall be provided to the Procurement Policy Board and published in the online electronic Bulletin at least 14 days before the public hearing. Notice shall include at least a description of the need for the emergency purchase, the contractor, and if applicable, the date, time and location of the public hearing. A copy of this notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin. Before the next appropriate volume of the Illinois Procurement Bulletin, the purchasing agency shall publish in the Illinois Procurement Bulletin a copy of each written description and reasons and the total cost of each emergency procurement made during the previous month. When only an estimate of the total cost is known at the time of publication, the estimate shall be identified as an estimate and published. When the actual total cost is determined, it shall also be published in like manner before the 10th day of the next succeeding month.

(c) Affidavits. A chief procurement officer making a procurement under this Section shall file affidavits with the Procurement Policy Board and the Auditor General within 10 days after the procurement setting forth the amount expended, the name of the contractor involved, and the conditions and circumstances requiring the emergency procurement. When only an estimate of the cost is available within 10 days after the procurement, the actual cost shall be reported immediately after it is determined. At the end of each fiscal quarter, the Auditor General shall file with the Legislative Audit Commission and the Governor a complete listing of all emergency procurements reported during that fiscal quarter. The Legislative Audit Commission shall review the emergency procurements so reported and, in its annual reports, advise the General Assembly of procurements that appear to constitute an abuse of this Section.

(d) Quick purchases. The chief procurement officer may promulgate rules extending the circumstances by which a purchasing agency may make purchases under this Section, including but not limited to the procurement of items available at a discount for a limited period of time. (Source: P.A. 90-572, eff. date - See Sec. 99-5.)
