

Emergency Purchase Number: EA 14-07

Office/Division: Division of Highways - District 4

Address: 401 Main Street
Peoria, IL 61602

Chief Procurement Officer: Bill Grunloh

Vendor: United Ready Mix, Inc.

Address: #1 Leland Street
Peoria, IL 61602

Estimated Cost: \$60,000.00

Final Cost: _____

This expenditure is justified as:

- An emergency involving public health.
- An emergency involving public safety.
- Necessary to protect State property from further loss or damage.
- Necessary to prevent or minimize serious disruption in State services.
- Necessary to insure integrity of State records.
- Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code.

The conditions and circumstances requiring this emergency expenditure are:

The pavement on Business Route 24 beneath the TP&W Railroad Viaduct has experienced pavement failure due to excessive moisture and heavy frost. As the area has degraded, Operations has continued to add cold patch to the area. However, due to the moisture, the cold patch will not bond and requires constant vigilance and maintenance. The viaduct is very narrow and has poor drainage. As a result, the pavement degradation within the viaduct causes a hazard to the safety of the traveling public. In order to address this emergency condition, the district has contacted Day Labor, and they have agreed to do an emergency repair. As part of the emergency repair, the district is pursuing emergency purchases of both concrete and aggregate.

District personnel have contacted three vendors requesting quotes for concrete. The responses were as follows:
 United Ready Mix, Inc. - \$87.00/cubic yard
 Prairie Material - \$88.40/cubic yard
 Roanoke Concrete Products Co. - \$113.05/cubic yard
 United Ready Mix, Inc. was the low bid at \$87.00/cubic yard.

District personnel have contacted three vendors requesting quotes for recycled crushed concrete. The responses were as follows:
 United Ready Mix, Inc. - \$8.00/ton
 United Contractors Midwest - \$14.50/ton
 Prairie Materials was contacted, and declined to bid because they didn't have the material available.
 United Ready Mix, Inc. was the low bid at \$8.00/ton.

All other required material will be provided through existing Day Labor contracts.

I, Joseph E. Crowe, being duly sworn, solemnly swear and affirm that I am Deputy Director of Highways, Region 3 Engineer.

I have authorized the emergency procurement in accordance with standards as established by law and rule in fulfillment of the emergency purchase affidavit provisions of Illinois Procurement Code [30 ILCS 500/20-30] as follows.

- ☑ Involving threat to public health or public safety.
☑ Immediate expenditure is necessary for repairs to State property to protect against further loss of or damage
☑ To prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues.
☐ To insure integrity of State records
☐ Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code

The conditions and circumstances requiring this emergency purchase, including reason for selection of the particular contractor are:

The pavement on Business Route 24 beneath the TP&W Railroad Viaduct has experienced pavement failure due to excessive moisture and heavy frost. As the area has degraded, Operations has continued to add cold patch to the area. However, due to the moisture, the cold patch will not bond and requires constant vigilance and maintenance. Section 20-30. Emergency purchase

(a) Conditions for use. In accordance with standards set by rule, a purchasing agency may make emergency procurements without competitive sealed bidding or prior notice when there exists a threat to public health or public safety, or when immediate expenditure is necessary for repairs to State property in order to protect against further loss of or damage to State property, to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records; provided, however, that the term of the term of the emergency purchase shall be limited to the time reasonably needed for a competitive procurement, not to exceed 90 days. A contract may be extended beyond 90 days if the chief procurement officer determines additional time is necessary and that the contract scope and duration are limited to the emergency. Prior to the execution of the extension, the chief procurement officer must hold a public hearing and provide written justification for all emergency contracts. Members of the public may present testimony. Emergency procurements shall be made with as much competition as is practicable under the circumstances. A written description of the basis for the emergency and reasons for the selection of the particular contractor shall be included in the contract file.

(b) Notice. Notice of all emergency procurements shall be provided to the Procurement Policy Board and published in the online electronic Bulletin no later than 3 business days after the contract is awarded. Notice of intent to extend an emergency contract shall be provided to the Procurement Policy Board and published in the online electronic Bulletin at least 14 days before the public hearing. Notice shall include at least a description of the need for the emergency purchase, the contractor, and if applicable, the date, time and location of the public hearing. A copy of this notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin. Before the next appropriate volume of the Illinois Procurement Bulletin, the purchasing agency shall publish in the Illinois Procurement Bulletin a copy of each written description and reasons and the total cost of each emergency procurement made during the previous month. When only an estimate of the total cost is known at the time of publication, the estimate shall be identified as an estimate and published. When the actual total cost is determined, it shall also be published in like manner before the 10th day of the next succeeding month.

(c) Affidavits. A chief procurement officer making a procurement under this Section shall file affidavits with the Procurement Policy Board and the Auditor General within 10 days after the procurement setting forth the amount expended, the name of the contractor involved, and the conditions and circumstances requiring the emergency procurement. When only an estimate of the cost is available within 10 days after the procurement, the actual cost shall be reported immediately after it is determined. At the end of each fiscal quarter, the Auditor General shall file with the Legislative Audit Commission and the Governor a complete listing of all emergency procurements reported during that fiscal quarter. The Legislative Audit Commission shall review the emergency procurements so reported and, in its annual reports, advise the General Assembly of procurements that appear to constitute an abuse of this Section.

(d) Quick purchases. The chief procurement officer may promulgate rules extending the circumstances by which a purchasing agency may make purchases under this Section, including but not limited to the procurement of items available at a discount for a limited period of time.
