

**Emergency Purchase Number:** EA16-04

**Office/Division:** Division of Highways/District 6

**Address:** 126 East Ash Street  
Springfield IL 62704

Chief Procurement Officer: Bill Grunloh

**Vendor:** Uretek USA, Inc.

**Address:** 13900 Humble Road  
Tomball TX 77377

Estimated Cost: \$50,000.00

**Final Cost:** \$24,210.00

This expenditure is justified as:

- An emergency involving public health.
- An emergency involving public safety.
- Necessary to protect State property from further loss or damage.
- Necessary to prevent or minimize serious disruption in State services.
- Necessary to insure integrity of State records.
- Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code.

The conditions and circumstances requiring this emergency expenditure are:

An unstable bridge approach pavement exists at the south departing end of the structure carrying SB I-55 over the BNSF RR north of Litchfield in Montgomery County. This unstable approach slab has necessitated the closure of the outside lane of SB I-55 due to large trucks rocking the slab which could lead to complete slab failure and cause full closure of the SB I-55 lanes at this location. We believe the best option is to pump polyurethane under the pavement for stabilization. We have contacted Uretek USA, Inc., the one company in Illinois that is known to do this type of specialized work. We have agreed to a lump sum cost of \$28,350 based on assumed conditions. Due to potential unknown circumstances that may be encountered, we are estimating the project at \$50,000. Uretek USA, Inc. plans to start work as soon as they mobilize equipment and a crew that is currently working in another State.

Uretek USA, Inc. was selected at an estimated cost of \$50,000.00.
