**Plastic Channelization Drum
Submittal for Testing and Approval**

Effective: April 1, 2016
Revised: April 28, 2017

A. Scope

The following guidelines are provided to clarify the submittal requirements for approving plastic channelization drums according to T-31-14 of the Traffic Commodity Specifications.

B. Procedure

When submitting a plastic channelization drum to the Department, the following shall be included with the material:

- 1 of each plastic channelization drum,
- The specific product brand name,
- Technical Data Sheet,
- The Manufacturer's self-certification letter stating each device meets the NCHRP 350 or MASH requirements for its respective category and test level and shall include a detailed drawing of the device,
- A signed letter stating the subject material will not be changed without written notification to the Department,
- Contact person's name, title, address, email address, and phone number, and
- Acknowledgement by Company (see next page).

The sample and submittal information shall be sent to:

[Anthony Wagner](#)
Illinois Department of Transportation
Bureau of Materials
126 East Ash Street
Springfield, IL 62704-4766

When a sample is submitted, it will be tested for Dimensions, Color, and Composition in accordance with T-31-14.

C. Recertification

Recertification of all Plastic Channelization Drums is required every two years or when a change is made to the manufacturing process.

**Plastic Channelization Drum
Submittal for Testing and Approval**

Effective: April 1, 2016
Revised: April 28, 2017

Instructions for Acknowledgement by Company:

The owner, partner, or corporate officer shall complete the following and return a signed and dated copy with the product submittal or recertification.

_____ desires to obtain advance approval of materials to be
(Insert name of company)
supplied to Department of Transportation contractors as more fully described herein. I
and _____ understand that the Department of Transportation
(Insert name of company)
reserves the right in its contracts to approve materials at the source of supply as
provided in Article 106.01 of the Standard Specifications for Road and Bridge
Construction. I and _____ further understand that approval of
(Insert name of company)
company supplied material pursuant to this request does not constitute a contract to
supply material to the State of Illinois or any of its contractors, and that the Department
of Transportation does not assure or guarantee that any materials approved hereunder
will be supplied to the State or any of its contractors. In consideration of approval, I and
_____ agree to the terms, conditions and performance
(Insert name of company)
standards of the Standard Specifications for Road and Bridge Construction.

Type of Company: Individual Partnership Corporation
