The IDOT Addendum Checklist identifies all letting items that have been revised by addendum. The contractors should use this checklist to ensure they have incorporated into their plans and proposals all addenda that have been issued for each particular letting item. The checklist also identifies withdrawn and deleted items. The checklist is published regularly whenever addenda are processed.

### **IDOT As Read Tabulation of Bids**

The IDOT As Read Tabulation of Bids is a listing of bids as they were read at the bid opening. The bid amounts are not checked at the time this listing is produced. This listing also includes a page which identifies all letting items for which the as read low bid was, prior to a post letting review, within a reasonable approximation of the Engineer's estimate. The listing is usually published by 4:30 p.m. of the day of the letting.

### **IDOT Construction Contractor's Transportation Bulletin – Notice of Letting**

The IDOT Construction Contractor's Transportation Bulletin – Notice of Letting is the official publication and invitation for construction bids by the Illinois Department of Transportation's Division of Highways, IDOT Division of Aeronautics and the Illinois Department of Natural Resources. The bulletin also contains information pertaining to pre-bid meetings, the DBE program and other current information. The bulletin will be published on the advertised publish date for each regularly scheduled letting. Special lettings will have applicable bulletins published at least 14 days prior to the letting on an as needed basis.

### **IDOT Corrected Tabulation of Bids**

The IDOT Corrected Tabulation of Bids is a listing of all bids for the letting, sorted by letting item. All bids have been recalculated and checked before this listing is produced. The listing identifies the eligible bidders, the actual bidders, the as-read bid amounts, the corrected bid amounts (if applicable) and the low bidders for the letting. The listing is usually published within 14 days after the letting.

### **IDOT Federal Wage Rates Listing**

The IDOT Federal Wage Rates listing identifies the current federal wage rates to be used by contractors for preparing bids whenever the construction activities are federally participating. The federal wage rates will be published 10 days prior to the letting date.

### **IDOT For Bid List of Bidders**

The IDOT For Bid List of Bidders is a compilation of all potential bidders who have been authorized to bid on each letting item for each letting. A separate list is compiled for each letting and the list is sorted by letting item. The list will be published several times with the last time being one day prior to the letting.

### **IDOT Letting Proposals (Specifications)**

The IDOT Proposal is a booklet that contains the bidding package, schedule of prices, specifications and wage rate information for a selected job included on the letting. These Proposals **DO NOT** contain plans for the jobs. Plans must be ordered separately. Although the Proposal contains all necessary information needed to bid, Authorization to Bid must be requested and received in order for a bid to the Department to be considered. Bids submitted without Authorization to Bid will **NOT** be considered.

### **IDOT Local Roads Contractors Bulletin**

The Contractors Bulletin is a weekly publication advertising locally let and "material only, bids" for local agencies, counties, cities/villages, and road districts throughout the state. The bulletin is in three parts: (1) previous advertisements for two weeks, (2) new advertisements with a description of the job, the date and time of letting, description of the material needed for bidding and any other information, and (3) awarded projects identifying the successful bidder and the dollar amount.

### **IDOT News Flash from BDE**

The IDOT News Flash is current information from the IDOT Bureau of Design and Environment which all contractors should read. Usually this information becomes available after the publishing of the IDOT Construction Contractor's Transportation Bulletin – Notice of Letting for a given letting but needs to be broadcast prior to the issuance of a subsequent IDOT Construction Contractors Bulletin-Notice of Letting. This information will be published on an as needed basis.

### **IDOT Not For Bid List of Bidders**

The IDOT Not For Bid List of Bidders is a compilation of all parties who have requested plans and/or proposals. A separate list is compiled for each letting and the list is sorted by letting item. The list will be published several times.

### **IDOT Pay Item Report**

The Pay Item Report is a listing of all pay items on a letting. For each pay item, the listing identifies the quantity, letting item number, contract number, county, IDOT district office and the unit of measure. The Pay Item Report will be published approximately four weeks prior to each regularly scheduled letting. The Pay Item Report is a zipped, self-extracting Microsoft Excel file.

### **IDOT Unit Price Tabulation of Bids**

The IDOT Unit Price Tabulation of Bids is a listing of all unit price bids on awarded jobs for the letting, sorted by letting item. Whereas the As Read Tabulation of Bids and the Corrected Tabulation of Bids provide the sum total amount bid for each letting item, the Unit Price Tabulation of Bids provides the break down of all bids per line item unit price, and it is only provided for awarded jobs. The listing identifies the actual bidders, the as-read bid amounts, the corrected bid amounts (if applicable) and the low bidders. The listing is not published until jobs are awarded. Typically, Unit Price Tabulation of Bids listings begin to be published within three weeks after the letting and may continue for up to 60 days. Jobs through the Division of Aeronautics and the Department of Natural Resources are not included.

### **IDOT Weekly Transportation Procurement Bulletin**

The Weekly Procurement Bulletin is a source for announcements to the public and the construction industry regarding special notices, invitations to bid that do not qualify for the letting process, sole source procurements, emergency purchases, change orders which exceed \$30,000 and publishing the important dates relative to each highway construction project. The bulletin will be published each Wednesday.

## **INSTRUCTIONS FOR SUBSCRIBING**

Prepare an e-mail to the IDOT Subscription Server by using the following e-mail address and with the information as noted below:

1. Address the e-mail message to: [listserv@lists.dot.state.il.us](mailto:listserv@lists.dot.state.il.us)
2. Type the letters 'sub', a space and then the subscription listname in the body of the message. **Please Note: There are no spaces in the listname.**  
For example: **sub IDOTContractorsPacket** **(Do Not Include Any Other Text)**
3. Send the message.
4. A confirmation e-mail will be sent to you.
5. Click on the reply button and type OK in the body of the message and send the message back to IDOT.
6. Once the Department receives the OK, you will be added to the subscription list.
7. You will then receive a confirmation e-mail stating that you have been added to the list and automatically receive the publications and reports for which you have subscribed when they are published.

## **NOTICE TO ALL BIDDERS**

### TO REPORT BID RIGGING, BIDDER COLLUSION OR OTHER FRAUDULENT ACTIVITIES

The U.S. Department of Transportation (USDOT) maintains a Hotline Complaint Center and operates a toll-free "hotline" Monday through Friday, 8:00 a.m. to 5:00 p.m., eastern time. Anyone with knowledge of possible bid rigging, bidder collusion, DBE fraud or other fraudulent activities should use the following hotline number or address to report such activities:

#### **Hotline Number:**

(202) 755-1855 or 800-424-9071

#### **Hotline Address:**

Office of Inspector General  
P. O. Box 23178  
L'Enfant Plaza Station  
Washington, D.C. 20024-0178

The hotline is part of USDOT's continuing effort to identify and investigate highway construction contract fraud and abuse and is operated under the direction of USDOT's Inspector General. All information will be treated confidentially and caller anonymity will be respected.

# Partnering

The Department encourages the establishment of a cooperative and productive partnership with the contractor, and through the contractor, with principal subcontractors and suppliers. This partnership will be structured to draw on the strengths of each organization to identify and achieve mutual objectives. It is anticipated that these objectives will include effective and efficient contract performance, and completion within budget, on schedule, and in accordance with plans and specifications. A safe working environment will always be a consideration.

The partnership will be bilateral in makeup and participation will be totally VOLUNTARY. Any costs associated with effectuating the partnership, whether informal or formal, will be agreed to by both parties and will be shared equally.

The District Engineer (DE) or the successful contractor can initiate an invitation to partner. Where there is an agreement to partner, the DE and the contractor will promptly arrange for a meeting between themselves and their respective staffs to develop a partnering agreement. The location and duration of the meeting will be established by agreement between the DE and the contractor.

If the DE and the contractor agree to develop the partnering agreement between themselves and their respective staffs, the partnering approach will be considered informal. Any costs associated with informal partnering will be paid by the contractor with the department reimbursing 50% of such costs as an item of extra work. If the department and the contractor mutually agree that a facilitator is needed to help develop the agreement and to aid in team building exercises, etc., the approach will be considered formal.

When formal partnering is the chosen option, the DE and the contractor will jointly select a facilitator and work together on an appropriate contract for services and fee structure. The contractor will pay for the services of the facilitator and meeting facilities, and be reimbursed for 50% of such costs as an item of extra work. The cost of partnering, whether informal or formal, will be considered a part of construction engineering.

A model partnering agreement is attached and may be used as a guide to aid in development of a project specific agreement.

The establishment of a partnership agreement on a project will not change the legal relationship of the partners to the contract nor relieve either partner from any of the terms of the contract.

## **MODEL PARTNERING AGREEMENT**

### **Partnering Agreement for (Project)**

The Illinois Department of Transportation and (Company) agree to work as a team dedicated to building a quality project in accordance with the contract. We are committed to both employee and public safety, protection of the environment, and minimizing inconvenience to the public.

#### **COMMUNICATION OBJECTIVES**

We intend to deal with each other in a fair, reasonable, trusting and professional manner. To accomplish this, we will:

- Have frequent, open and honest communication.
- Communicate as soon as possible on all issues.
- Make decisions at lowest possible level.
- Listen with understanding.
- Treat each other with mutual respect; resolve personal conflicts immediately.
- Keep all team members informed on project activities.
- Hold (daily/weekly) meetings to assure smooth project operations.
- Define response time needed to avoid project delays.
- When appropriate, establish and maintain relationship with the public and the news media.

#### **PERFORMANCE OF OBJECTIVES**

- Construct project within the intent of plans and specifications.
- Promote highest quality workmanship.
- Utilize cost reduction incentive proposals.
- Handle necessary work changes expeditiously.
- Meet environmental commitments.
- Provide safe passage of the public through the project.
- Promote positive public relations.
- Provide a safe, enjoyable work environment.
- Construct and administer the contract so that all parties are treated fairly.
- Finish project on time, within budget, and with a fair profit for the contractor.
- Complete the project without unresolved disputes.
- Final paperwork to district office within \_\_\_\_ days of completion of work on contract.

# Special Notice Regarding IDOT Proposals, Authorization To Bid & Requests For Plans & Proposals

## ABOUT IDOT PROPOSALS

All proposals issued by IDOT are potential bidding proposals. Each proposal contains all Certifications and Affidavits, a Proposal Signature Sheet and a Proposal Bid Bond required for Prime Contractors to submit a bid after written AUTHORIZATION TO BID has been issued by IDOT's Central Bureau of Construction.

## ABOUT AUTHORIZATION TO BID

**WHO CAN BID?:** Bids will be accepted from only those companies that **request and receive** written **Authorization to Bid** from IDOT's Central Bureau of Construction. To request authorization, a potential bidder must complete and submit Part B of the Request for Proposal Forms and Plans & Request for Authorization to Bid form (BDE 124).

**WHAT CONSTITUTES AUTHORIZATION TO BID?:** When a prospective prime bidder submits a "Request for Proposal Forms and Plans" he/she must indicate at that time which items are being requested for Bidding purposes. Only those items requested For Bidding will be analyzed. After the request has been analyzed, the bidder will be issued a **Proposal Denial and/or Authorization Form**, approved by the Central Bureau of Construction, that indicates which items have been approved for Bidding. If **Authorization to Bid** cannot be approved, the **Proposal Denial and/or Authorization Form** will indicate the reason for denial.

**FIRMS UNSURE AS TO AUTHORIZATION STATUS?** Firms that have not received an authorization form within a reasonable time of complete and correct original document submittal should contact the department as to status. This is critical in the week before the letting. These documents must be received by three days before the letting date. Firms unsure as to authorization status should call the Prequalification Section of the Bureau of Construction at 217/785-4927.

## ABOUT REQUESTS FOR PLANS & PROPOSALS

The request form used for ordering plans and proposals, Form BDE 124 (Revised 3/2000), has been designed to provide better communication between requesters and IDOT personnel who are responsible for processing plan and proposal orders. If requesters follow the instructions printed on the reverse side of the form, it will help save time, eliminate errors and expedite the processing of requests.

Requests for plans and proposals will not be honored unless submitted on the proper form, a copy of which is included in this issue of the Transportation Bulletin.

### Notice

NO AUTHORIZATION TO BID WILL BE ISSUED UNTIL A **COMPLETED PART B OF FORM BDE 124** and THE **ORIGINAL** AFFIDAVIT OF AVAILABILITY HAS BEEN FILED WITH THE CENTRAL BUREAU OF CONSTRUCTION

## SPECIAL NOTICE REGARDING JOINT VENTURES

On July 29, 1997, the Illinois Department of Transportation adopted amended administrative rules governing "Prequalification of Contractors & Issuance of Plans & Proposals". Pursuant to those rules, procedures for analysis and Authorization to Bid on for joint ventures on state lettings will henceforth be as follows:

- 1) Prequalified contractors may combine their available bidding capacity and request Authorization to Bid for a single contract to bid as a joint venture after department approval.
- 2) Each request for approval of a joint venture shall be indicated by the filing of a Certificate of Joint Venture for each contract for which approval is sought. It identifies the managing party and indicates the conditions under which the joint venture exists. The joint venture agreement shall be available to the Department for inspection. Each joint venture party shall also submit an Affidavit of Availability. The original Certificate of Affidavits must be received no later than 4:30 p.m. prevailing time seven days prior to the scheduled date of the letting for which Authorization to Bid is sought.
- 3) Very large and complex projects may be designated as being eligible for "unrestricted joint venturing", and will be clearly denoted as such in the Transportation Bulletin. These projects will not be subject to restrictions with respect to the number of parties or other joint ventures conditions, but will still be required to submit a Certificate of Joint Venture and individual affidavits by the aforementioned time and date before Authorization to Bid will be considered.
- 4) On projects estimated by the department at greater than \$1,000,000 and not designated for (unrestricted joint venturing), Joint Ventures shall have no more than three parties.
- 5) On projects estimated by the department at less than \$1,000,000 Joint Ventures shall have no more than three parties. One or more of the parties must have insufficient available individual prequalification ratings to be Authorized to Bid, unless one of the following conditions exist:
  - a) There is fifty-one percent or more common controlling ownership between the parties.
  - b) There common management between the firms where the officers, directors or general partners control the board of directors and/or management of each party.
- 6) Contractors with financial ratings are based upon unaudited financial statements will not be permitted to joint venture with each other to bid contracts which the department estimates at greater than \$500,000. However, such firms may be permitted to joint venture with firms who have a financial rating based upon an audited statement to bid on contracts the department estimates at greater than \$500,000.
- 7) If a party's work rating is limited by its maximum financial rating, the full value of the computed work rating will be used in analyzing the joint venture request. However, the combined maximum work rating in any category shall not exceed the combined financial ratings of the joint venture.

Copies of all required joint venture forms are attached to each Transportation Bulletin.

Please note that signed and notarized originals of all required joint venture forms mentioned above must be received by 4:30 p.m. prevailing time seven days prior to the scheduled letting date. These forms should be mailed to the following address:

Illinois Department of Transportation  
Bureau of Construction  
2300 S. Dirksen Parkway, Room 322  
Springfield, Illinois 62764

Any questions should be directed to the Prequalification Engineer, at 217/782-3413.

**SPECIAL NOTICE REGARDING DISADVANTAGED BUSINESS ENTERPRISES**

June 13, 2003 LETTING

1. The proposals for the following items contain the Special Provision "Required Disadvantaged Business Participation". **It is the responsibility of each bidder to determine the results of the letting and for the "as read" low bidder to submit a DBE Utilization Plan (Plan), Form SBE 2026, to the Department within 7 working days after the date of the bid opening** as required by the Special Provision. Forms for the submittal of the Plan are available in each district's Bureau of Construction office or by calling the Department's Bureau of Small Business Enterprises at (217) 782-5490. Plans are to be submitted to the Illinois Department of Transportation, Bureau of Small Business Enterprises, Harry R. Hanley Building, 2300 South Dirksen Parkway, Room 319, Springfield, Illinois 62764. **Failure to submit a plan within 7 working days may be cause for rejection of the bid as nonresponsive and may subject the bidder to a penalty.**

The Bureau of Small Business Enterprises maintains a Disadvantaged Business Enterprises Directory (Directory) of certified Disadvantaged Business Enterprises (DBEs) for the purpose of providing a reference source to assist bidders in meeting the requirements of the Special Provision. **Only those firms certified as of the letting date may be included in the Plan.** You can view and download the most current listing of DBE firms/work categories at <http://www.dot.state.il.us>. Those who need a printed copy must contact the Bureau of Small Business Enterprises at (217) 782-5490.

Prime contractors may contact the individuals/consultants in #2 for information regarding available DBE firms. For assistance in meeting OJT and EEO goals, contractors may contact the consultants in #3. The complete listing of DBE, OJT and EEO consultants is available on IDOT's web site under Small Business Enterprises.

### **NOTICE OF LETTING - June 13, 2003**

1. **LETTING DUE DATE AND TIME FOR SUBMISSION AND OPENING OF BIDS.** The Department of Transportation is requesting offers in the form of sealed bids from responsible contractors to fill the State's needs as described in this invitation. Sealed bids for the contract items described herein will be accepted at the above address of the Chief Contract Official and at the auditorium in the Harry R. Hanley Building by U.S. Mail, delivery service or hand deposit until 10:00 a.m. prevailing local time **June 13, 2003**, at which time the bids will be publicly opened and read. The Department will not open or read bids received after the stated opening date and time.
2. **RULES GOVERNING LETTING.** This letting is subject to and governed by the rules of the Department adopted at 44 Illinois Administrative Code 650 and 44 Illinois Administrative Code 660, and by the provisions of this invitation. Copies of the rules are available by contacting the above address of the Chief Contract Official.
3. **INSTRUCTIONS TO BIDDERS.** Read the following instructions carefully before submitting any bid. Failure to follow these instructions and the rules may result in the rejection of your bid. The Department reserves the right to reject any and all bids, to waive minor or immaterial irregularities, informalities or technicalities, to advertise for new bids, or to request confirmation or clarification from any bidder regarding a bid.

- (a) **CONTRACT ITEM DESCRIPTIONS.** A summary description of each contract item advertised in this invitation is given following these instructions by Item numbers. Bids shall be submitted by Item number. A contract number appears after the Item number. The contract number will also be shown on the contract documents for the contract that the Item number represents. The summary description provided for the proposed work, quantities and time for completion for each Item are for information only and are subject to the terms published in the contract documents for bidding.
- (b) **CONTRACT DOCUMENTS FOR BIDDING.** Contract documents for bidding include a Notice to Bidders, Specifications, Proposal, Contract and Contract Bond document and a set of Plan documents. These documents may be separate or combined into one document. Contract documents for bidding applicable to each Item number advertised in this invitation may be examined at the above address of the Chief Contract Official. In addition, contract documents for bidding highway work may be examined at the respective District Offices in which the prospective work is located. The names and addresses of the District Engineers are as follows:

District	District Engineer	Address
1	J. P. Kos	201 West Center Court, Schaumburg, IL 60196-1196
2	G. Mounts	819 Depot Avenue, Dixon, IL 61021
3	D. O'Keefe	700 East Norris Drive, Ottawa, IL 61350
4	J. E. Crowe	401 Main Street, Peoria, IL 61602-1111
5	D. Clark	Route 133 West, Paris, IL 61944
6	C. Reed	126 East Ash Street, Springfield, IL 62704-4766
7	S. E. Grabski	State Highway Building, Effingham, IL 62401
8	M. Lamie, Acting	1102 Eastport Plaza Dr., Collinsville, IL 62234
9	T. Zerrusen	State Highway Building, P.O. Box 100, Carbondale, IL 62901-0100

Contract documents for bidding will not be loaned to prospective bidders. They may be purchased at the above address of the Chief Contract Official. A form for purchases is included in the Transportation Bulletin, and is entitled "Request for Proposal Forms and Plans & Request for Authorization to Bid" (BDE 124). A charge of \$15 will be made for each contract item requested. Payment shall be made by check, bank draft, or money order payable to the order of Treasurer, State of Illinois. Currency will not be accepted. No refunds will be made for contract documents returned or not bid.

- (c) **PREQUALIFICATION.** Any contractor desiring to bid shall be prequalified in accordance with the rules of the Department, adopted at 44 Illinois Administrative Code 650, prior to being granted Authorization to Bid. Prequalification may be waived for particular contract items. In such cases, the manner of determining bidder responsibility will be stated in the contract documents for bidding. Contractors who desire to become prequalified or to renew their prequalification for this letting must file with the Department of Transportation, Bureau of Construction, Room 322, 2300 South Dirksen Parkway, Springfield, Illinois 62764, a Contractor's Statement of Experience and Financial Condition no later than 4:30 p.m. prevailing local time, **May 23, 2003**. A Contractor will not be prequalified for this letting unless the statement is received before the time and day established.

- (d) AUTHORIZATION TO BID. Contractors planning to bid MUST request Authorization to Bid prior to 4:30 p.m. prevailing time June 10, 2003. No Authorization to Bid will be issued after that time. Requests for Authorization to Bid submitted by U.S. Mail or courier delivery will not be honored unless received prior to 4:30 p.m. prevailing local time June 10, 2003, at the Department of Transportation, Bureau of Construction, Room 322, 2300 South Dirksen Parkway, Springfield, Illinois 62764. A form to request authorization to bid is included in the Transportation Bulletin, and is entitled "Request for Proposal Forms and Plans & Request for Authorization to Bid" (BDE 124).
- (e) AFFIDAVIT OF AVAILABILITY. With each request for Authorization to Bid, prospective bidders shall submit a sworn statement, showing all uncompleted contracts awarded to them and all low bids pending award for all public and private work using the format shown in the Affidavit of Availability Form attached to this bulletin. The sworn statement relative to contracts and pending awards must be in complete detail, and must be properly signed and acknowledged. Facsimiles of the sworn statement will be accepted for analysis, but Authorization to Bid will be issued only upon receipt of a signed and properly completed original statement. Any omission or misstatement of fact in the sworn statement will be considered as sufficient grounds for the disqualification of the bidder and the rejection of bids. Prospective bidders shall notify the Department promptly of any low bids pending award or contracts awarded which might occur between the date of submission of the sworn statement and the date of letting. A form to report this information is included in the Transportation Bulletin, and is entitled "Affidavit of Availability" (BC 57).
- (f) JOINT VENTURES. The Transportation Bulletin includes a Special Notice Regarding Joint Ventures. The Special Notice explains the procedures for approval to bid as a joint venture. Prequalified contractors desiring to bid as a joint venture must submit the properly completed documentation no later than 4:30 p.m. prevailing local time June 6, 2003. The required joint venture forms are included in the Transportation Bulletin, and entitled "Request for Proposal Forms and Plans & Request for Authorization to Bid" (BDE 124), "Affidavit of Availability" (BC 57) and Certificate of Joint Venture" (BC 2267). The original BC 2267 must be submitted.
- (g) EXAMINATION OF CONTRACT DOCUMENTS AND SITE OF THE WORK. The bidder shall, before submitting a bid on any contract item, carefully examine the provisions of the contract documents for bidding and all contract documents referenced therein that comprise the contract as defined in Article 101.09 of the Standard Specifications for Road and Bridge Construction. The bidder shall inspect in detail the site of the proposed work, investigate and become familiar with all the local conditions affecting the contract and the detailed requirements of construction.

If the Department has made a sub-surface examination of the site of the work, the borings, test pits, or other information pertaining thereto are available for examination by all bidders by written request to the office of the District Engineer of the district in which the work is to be performed. The availability of subsurface information from the Department is solely for the convenience and information of the bidder and shall not relieve the bidder of the duty to make, and the risk of making, examinations and investigations as required to assess conditions affecting the work. Any data furnished in the contract plans is for information only and does not constitute a part of the contract. The Department makes no representation or warranty, express or implied, as to the information conveyed or as to any interpretations made from the data.

Submission of a bid shall be a conclusive assurance and warranty the bidder has made these examinations and the bidder understands all requirements for the performance of the work. If the bid is accepted, the bidder will be responsible for all errors in the proposal resulting from a failure or neglect to comply with these instructions. The Department will not be responsible for any costs, expenses, losses, or change in anticipated profits resulting from such failure or neglect of the bidder to make these examinations.

The bidder shall take no advantage of any error or omission in the proposal and advertised contract. Any prospective bidder who desires an explanation or interpretation of the plans, specifications, or any of the contract documents, shall request such in writing from the Central Bureau of Design and Environment at the above address of the Chief Contract Official. The request should be made in sufficient time to allow a written reply by the Department that can reach all prospective bidders before submission of their bids. Any reply given a prospective bidder concerning any of the contract documents, plans, and specifications will be furnished to all prospective bidders in the form determined by the Department including, but not limited to, an addendum, if the information is deemed by the Department to be necessary in submitting bids or if the Department concludes the information would aid competition. Oral explanations, interpretations, or instructions given before the submission of bids unless at a prebid conference will not be binding on the Department.

- (h) ADDITIONAL INSTRUCTIONS. The Notice to Bidders, Specifications, Proposal, Contract and Contract Bond document for each contract item includes specific and additional information and instructions pertaining to submission of bids. That information should be carefully read and the instructions followed by the bidder.
- 4. IMPORTANT DATES FOR BIDDERS. All due dates published in this invitation are summarized for convenient reference by potential bidders on the page entitled "Important Dates for Bidders". Bidders are cautioned that all due dates are strictly enforced.
- 5. PART OF THE CONTRACT. This invitation is made part of the contract by operation of Article 101.09 of the Standard Specifications for Road and Bridge Construction.

---

This invitation issued under the authority of the Department of Transportation, State of Illinois.

Timothy W. Martin, Secretary of Transportation

# IMPORTANT DATES FOR BIDDERS

## June 13, 2003 Bid Opening

There are five important dates that bidders must be aware of when planning to bid on projects advertised by the Illinois Department of Transportation. Those dates for the **June 13, 2003** Letting are as indicated below:

### PREQUALIFICATION

Any contractor who desires to become prequalified to bid on work advertised by IDOT must submit the properly completed prequalification forms to the Bureau of Construction no later than 4:30 p.m. prevailing time twenty-one days prior to the letting of interest. This prequalification requirement applies to first time contractors, contractors renewing expired ratings, contractors maintaining continuous prequalification or contractors requesting revised ratings.

The prequalification cut-off date is 4:30 p.m. prevailing time **May 23, 2003**  
Also, to be eligible to bid, existing prequalification ratings must be effective through the date of letting.

### JOINT VENTURES

Prequalified contractors wishing to combine bidding capacity and bid items as joint ventures must submit the appropriate properly completed forms no later than 4:30 p.m. prevailing time, seven (7) days prior to the letting date. The required joint venture forms are the "Request for Proposal Forms and Plans & Request for Authorization to Bid" (BDE 124), the ORIGINAL "Affidavit of Availability" (BC 57) and the ORIGINAL "Certificate of Joint Venture" (BC 2267).

The Joint venture cut-off date is 4:30 p.m. prevailing time **June 6, 2003**

### REQUESTS FOR AUTHORIZATION TO BID

Contractors wanting to bid on items included in a particular letting must submit the properly completed "Request for Proposal Forms and Plans & Request for Authorization to Bid" (BDE 124) and the properly completed ORIGINAL "Affidavit of Availability" (BC 57) to the proper office no later than 4:30 p.m. prevailing time, three (3) days prior to letting date. The Authorization to Bid request cut-off date is 4:30 p.m. prevailing time **June 10, 2003**

### SUBMITTAL OF BIDS

The time and place of letting is always listed in the Transportation Bulletin. Most lettings are held at 10:00 a.m. prevailing time in the Auditorium of the IDOT Harry R. Hanley Building located at 2300 South Dirksen Parkway, Springfield, Illinois.

No bid will be accepted unless delivered prior to the time specified in the Transportation Bulletin. Bidders submitting bids by U.S. Mail or courier are cautioned to allow sufficient time for delivery.

### DBE UTILIZATION PLANS

Projects requiring DBE participation require the AS-READ-LOW-BIDDER to submit the required utilization plan to the Bureau of Small Business within seven (7) working days after the letting.

The cut-off date for the submittal of required DBE utilization plans is **June 24, 2003**

INVITATION FOR BIDS

1. TIME AND PLACE OF OPENING PROPOSALS: Sealed bids, subject to the conditions contained herein, will be received by the Department of Transportation at the Auditorium in the Harry R. Hanley Building, 2300 South Everett McKinley Dirksen Parkway, Springfield, Illinois, until 10:00 A.M. prevailing time, June 13, 2003. These bids will, at that time, be publicly opened and read for furnishing all labor and materials, and performing all work for the Project(s) listed and defined in Paragraph 3.0 of this Service Bulletin for the Division of Aeronautics.
2. INSTRUCTIONS TO BIDDERS:
  - a. Plans and Contract Documents. Plans and Contract Documents for those Project(s) specified in Paragraph 3.0 of this Service Bulletin for the Division of Aeronautics may be examined and reviewed at the following offices:
    - (1) Department of Transportation, Division of Aeronautics, One Langhorne Bond Drive, Capital Airport, Springfield, Illinois.
    - (2) Department of Transportation, Harry R. Hanley Building, Plans and Contracts Office, Room 323, 2300 South Everett McKinley Dirksen Parkway, Springfield, Illinois.
    - (3) Office of the consulting engineer(s).
  - b. PLANS AND CONTRACT DOCUMENTS MAY BE OBTAINED FROM THE DEPARTMENT OF TRANSPORTATION, BUREAU OF DESIGN AND ENVIRONMENT, HARRY R. HANLEY BUILDING, SPRINGFIELD, ILLINOIS. PLANS AND CONTRACT DOCUMENTS CANNOT BE OBTAINED THROUGH THE DIVISION OF AERONAUTICS. A charge of \$15.00 (nonrefundable) is required in the form of a Check (currency will not be accepted) made payable to the Treasurer, State of Illinois, for each section of work for the requested Plans and Contract Documents. No refunds will be made for Plans and Contract Documents returned.

Contractors wanting to bid must submit the properly completed "Request for Proposal Forms and Plans & Request for Authorization to Bid" (BD 124) and the properly completed ORIGINAL "Affidavit of Availability" (BC 57) to Room 322 or 323 no later than 4:30 p.m. prevailing time, three (3) days prior to letting date. The Authorization to Bid request cut-off date is 4:30 p.m. prevailing time, June 10, 2003.

- c. Each bid shall be accompanied by one (1) copy of a Bid Bond on Form BD 356B in the amount, which is not less than five (5) percent of the aggregate amount of the bid.
- d. Pre-Qualification Rating. The Illinois Department of Transportation pre-qualification ratings and other applicable evidence of competency of bidders to perform the work contemplated will be utilized for all Service Bulletin items. This pre-qualification rating will be established on the basis of a Financial Statement and Experience Questionnaire.
- e. Requirements for Corporations outside the State of Illinois. Before any Contract is executed, a Corporation from another State must conform to the Statutes of the State of Illinois, and may be asked to furnish a copy of the certificate from the Secretary of State, State of Illinois, showing that such foreign corporation is authorized to do business in the State of Illinois.
- f. Civil Rights Act of 1964. The Illinois Department of Transportation, Division of Aeronautics, in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds or race, color, or national origin in consideration for an award.

In a case in which a bidder or prospective contractor or proposed subcontractor who has participated in a previous contract or subcontract subject to the equal opportunity clause has not filed a compliance report due under applicable instructions, such bidder, prospective contractor, or proposed subcontractor shall submit a compliance report prior to the award of the proposed contract or subcontract. When a determination has been made to award a contract to a specific contractor, such contractor shall prior to award, furnish such other pertinent information regarding his own employment policies and practices as well as those of his proposed subcontractors as the Sponsor, or the Executive Vice Chairman of the President's Committee may require.

For any contract or subcontract for \$50,000.00 or more, and having 50 or more employees, the contractor or subcontractor will be required to maintain a written Affirmative Action Plan.

g. Special Requirements.

- (1) Payment to Labor. The successful bidder will be required to pay to the laborers, workmen, mechanics, and other employees for the work under the contracts, not less than the general prevailing wage for each craft, trade or occupation, and not less than the minimum wage rates as shall be established by the U. S. Secretary of Labor for federally assisted projects and by the Illinois Department of Labor for state/local projects.
- (2) Affirmative Action Requirements - Equal Employment Opportunity. Various contractor, union and minority organizations have prepared specific plans for Equal Employment Opportunity. Should such a plan or plans apply to the proposed project(s) listed below, the Bid Conditions will be included in the Contract Document for that project, and all bidder's, prospective contractors and/or subcontractors shall be required to comply with any and all provisions set forth therein.

h. Specifications. The proposed work is to be constructed in accordance with the requirements of the Illinois Standard Specifications for Construction of Airports, dated January, 1985, and the Special Provisions specified in the proposal. Copies of the Illinois Standard Specifications for Construction of Airports may be obtained by applying to the Department of Transportation, Division of Aeronautics, Bureau of Engineering, Design Section, and Capital Airport/One Langhorne Bond Drive, Springfield, Illinois 62707-8415. The order should be accompanied by a check made payable to the Division of Aeronautics in the amount of \$10.00 for each copy ordered.

## Affidavit of Availability For the Letting of \_\_\_\_\_

**Instructions:** Complete this form by either typing or using black ink. "Authorization to Bid" will not be issued unless both sides of this form are completed in detail. Use additional forms as needed to list all work.

### Part I. Work Under Contract

List below all work you have under contract as either a prime contractor or a subcontractor. It is required to include all pending low bids not yet awarded or rejected. In a joint venture, list only that portion of the work which is the responsibility of your company. The uncompleted dollar value is to be based upon the most recent engineer's or owners estimate, and must include work subcontracted to others. If no work is contracted, show **NONE**.

## Instructions

Requests for Authorization to Bid must be accompanied by an original Form BC-57, Affidavit of Availability.

Authorization to Bid will not be issued after the time and date specified in paragraph 1 (a) and 1 (b) of the Transportation Bulletin.

---

---

### How to Expedite this Request

1. Using **Black Ink** complete the request form listing all items in numerical order.
  2. **Telefax** the completed request form to **217/785-1141**.
  3. **Do Not** make any changes on the request form after it has been faxed. Additional items will require a supplemental request.
  4. Mail hard copy of the request form to IDOT. The mailed request should include a check to pay for the requested items. If requesting **Authorization to Bid**, the requestor should also include the required **Affidavit of Availability with an original signature**.
- 
- 

**ABOUT IDOT PROPOSALS:** All proposals issued by IDOT are potential bidding proposals. Each proposal contains all Certifications and Affidavits, a Proposal Signature Sheet and a Proposal Bid Bond required for Prime Contractors to submit a bid after written **Authorization to Bid** has been issued by IDOT's Central Bureau of Construction.

**HOW MANY PROPOSALS SHOULD PROSPECTIVE BIDDERS REQUEST?:** Prospective bidders should, prior to submitting their initial request for plans and proposals, determine their needs and request the total number of plans and proposals needed for each item requested. There will be a nonrefundable charge of \$15 for each set of plans and specifications issued.

**WHO CAN BID?:** Bids will be accepted from only those companies that request and receive written **Authorization to Bid** from IDOT's Central Bureau of Construction.

**WHAT CONSTITUTES WRITTEN AUTHORIZATION TO BID?:** When a prospective prime bidder submits a "Request for Proposal Forms and Plans" he/she must indicate at that time which items are being requested For Bidding purposes. Only those items requested For Bidding will be analyzed. After the request has been analyzed, the bidder will be issued a **Proposal Denial and/or Authorization Form**, approved by the Central Bureau of Construction, that indicates which items have been approved For Bidding. If **Authorization to Bid** cannot be approved, the **Proposal Denial and/or Authorization Form** will indicate the reason for denial.

**ABOUT AUTHORIZATION TO BID:** Firms that have not received an authorization form within a reasonable time of complete and correct original document submittal should contact the department as to status. This is critical in the week before the letting. These documents must be received by three days before the letting date. Firms unsure as to authorization status should call the Prequalification Section of the Bureau of Construction at the number listed at the end of these instructions.

**WHAT MUST BE INCLUDED WHEN BIDS ARE SUBMITTED?:** Bidders need not return the entire proposal when bids are submitted. That portion of the proposal that must be returned includes the following:

1. All documents from the Proposal Cover Sheet through the Proposal Bid Bond
2. Other special documentation and/or information that may be required by the contract special provisions

All proposal documents, including Proposal Guaranty Checks or Proposal Bid Bonds, should be stapled together to prevent loss when bids are processed by IDOT personnel.

**ABOUT SUBMITTING BIDS:** It is recommended that bidders deliver bids in person to insure they arrive at the proper location prior to the time specified for the receipt of bids. Any bid received at the place of letting after the time specified will not be accepted.
