INTRODUCTION

The mission of the Illinois Department of Transportation is to provide safe, cost-effective transportation in ways that enhance quality of life, promote economic prosperity and demonstrate respect for our environment. This report presents the accomplishment of projects included in the [State Fiscal Year 2020 Proposed Improvements for Illinois Highways](#) that achieve this mission.

This report, For the Record, is an annual report of the awards and obligations of programmed projects in the FY 2020 Proposed Improvements for Illinois Highways, which is also referred to as the Annual Highway Improvement Program. For the Record meets the requirement for an annual report required by Illinois Statute 20ILCS 2705/2705-200(c) for FY 2020.

The FY 2020 Annual Highway Improvement Program shows the projects IDOT planned to implement during state fiscal year 2020 from July 1, 2019, to June 30, 2020. With the implementation of the Rebuild Illinois capital program on July 1, 2019, the program was significantly larger than the Annual Highway Improvement Program in previous years. This historic increase allowed the department to move forward toward meeting the [Transportation Asset Management Plan \(TAMP\)](#) goals and fixing our state's crumbling infrastructure. The FY 2020 Annual Highway Improvement Program totaled \$3.764 billion, including \$3.007 billion for improvements on the state system and \$757 million for improvements on local highways. As circumstances arose throughout the fiscal year, modifications were made to the program. After these modifications were made, the FY 2020 adjusted annual Highway Improvement program totaled \$3.628 billion - \$2.813 billion of which was awarded during the fiscal year.

A total of 1,459 miles of roads, 1,490,603 square feet of deck area (179 bridges) and 100 safety and traffic improvements were scheduled to be accomplished in the FY 2020 Annual Highway Improvement Program. In FY 2020, IDOT accomplished 1,706 miles of roads, 1,556,782 square feet of deck area (128 bridges) and 228 safety and traffic improvements. These figures are illustrated in the chart below.

The following tables display the number of projects awarded and their total cost during FY 2020.

FY 2020 Program Awards Summary in Dollars (\$Billions)		
	<u>Annual Program</u>	<u>Adjusted Program</u>
Total Program Dollars	\$3.764	\$3.628
Total Awarded Dollars	\$2.315	\$2.813
% of Program	61.5%	77.5%

FY 2020 Program Awards Summary in Number of Projects		
	<u>Annual Program</u>	<u>Adjusted Program</u>
Total # Programmed	1,511	2,272
Total # of Awards	966	2,061
% of Program	63.9%	90.7%

This report is divided into three sections: Part I for the state system, Part II for the local system and Part III for the local benefits. Also included are two exhibits. Exhibit A displays the awarded projects in the program, as well as projects carried over and additions made to the program throughout FY 2020 on the state highway system. Maps are at the end of each section for the highway districts and display the project locations. Exhibit B displays the awarded projects in the program, as well as projects carried over and additions made to the program throughout FY 2020 on the local highway system.

PART I:

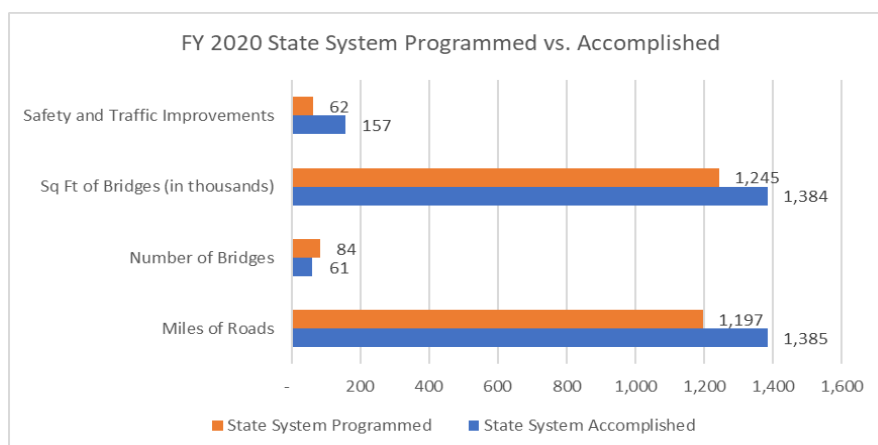

FOR THE RECORD – 2020

ILLINOIS HIGHWAY PROGRAM ACCOMPLISHMENTS

ON THE STATE SYSTEM

STATE SYSTEM

The FY 2020 Annual Highway Improvement Program totaled \$3.764 billion, including \$3.007 billion for improvements on the state system. This investment allowed for 1,197 miles of roadway to be improved or added to the existing highway system, along with 1,245,008 square feet of deck area improvements (84 bridges) and 62 safety and traffic improvements. The actual accomplishments for FY 2020 are 1,385 miles of roadway improvements, 1,384,252 square feet of deck area improvements (61 bridges) and 157 safety and traffic improvements. These figures are illustrated in the chart below.

The following tables display the FY 2020 Annual Highway Improvement Program and awards summary for the state program. The adjusted program total for FY 2020 is the net change to the program. Changes occur because projects are delayed or moved ahead, projects are added, and some projects are deferred or determined not to be needed throughout the year. The adjusted program total for the state system is \$2.676 billion. Improvements awarded on the state highway system using federal, state and local funds during FY 2020 were \$2.149 billion for an accomplishment rate of 80.3% in dollars and an accomplishment rate of 91.3% for the number of projects.

FY 2020 State Program Awards Summary in Dollars (\$Billions)		
	<u>Annual Program</u>	<u>Adjusted Program</u>
Total Program Dollars	\$3.007	\$2.676
Total Awarded Dollars	\$1.897	\$2.149
% of Program	63.1%	80.3%

FY 2020 State Program Awards Summary in Number of Projects		
	<u>Annual Program</u>	<u>Adjusted Program</u>
Total # Programmed	1,026	1,561
Total # of Awards	753	1,425
% of Program	73.4%	91.3%

The state program awards are listed in Exhibit A. Additions to the program are noted with an "ADD," carryovers are noted with a "C/O".

GUIDE TO THE LISTINGS

For each project accomplished, the following information is provided:

- Route/City- the marked route designation and/or street name and identifies the city. For those improvements on unmarked state routes and local system routes, the system designation and route number are provided. Some funds have been awarded for improvements at various locations. In these cases, "Various" is noted in the route designation. Also shown is the identification number for each project (0-XXXXX-XXXX), which corresponds to the number in the program.
- County - the county or counties where the improvement is located.
- Description - this item includes both a description of the location of the project and the type of improvement.
- Award Date - for awards this is the date the program item was awarded. For obligations, this is the date the obligation was approved.
- TAMP Category – identifies the Transportation Asset Management Plan (TAMP) category that the projects fall within.
- Award Cost - total of awards or obligations charged to the program item.
- The first digit of each page number indicates the district in which a project is located. For example, all projects shown on page 6 – 4 are located in District 6.

PART II:

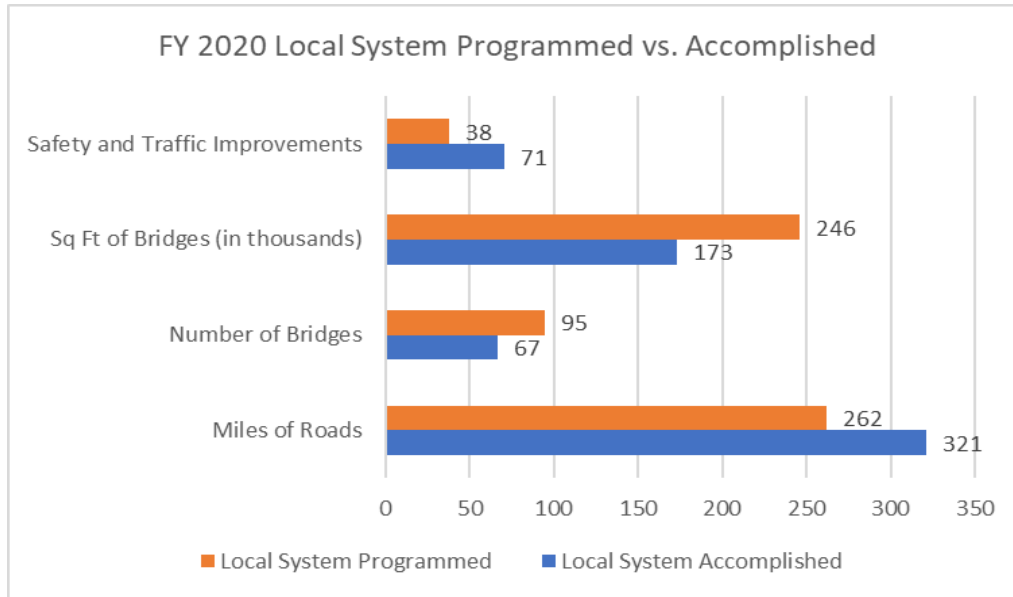

FOR THE RECORD – 2020

ILLINOIS HIGHWAY PROGRAM ACCOMPLISHMENTS

ON THE LOCAL SYSTEM

LOCAL SYSTEM

The FY 2020 Annual Highway Improvement Program included all improvements on local streets and highways utilizing federal funds. The local program provided \$757 million for improvements, which included 262 miles to be improved or added to the existing system, along with 245,595 square feet of deck area improvements (95 bridges) and 38 safety and traffic improvements. The actual accomplishments for FY 2020 were 321 miles of roadway improvements, 172,530 square feet of deck area improvements (67 bridges) and 71 safety and traffic improvements. These figures are illustrated in the chart below.

In addition to the FY 2020 Annual Highway Improvement Program, IDOT provided \$50.8 million of state funds specifically to assist local governments. This is discussed in more details in Part III. In FY 2020, \$860.1 million of state motor fuel tax funds were directly distributed to municipalities, counties and townships for administration and repair of local roads and bridges. This distribution is in addition to the state's \$3.764 billion FY 2020 Annual Highway Improvement Program.

The following tables display the FY 2020 Annual Highway Improvement Program and awards summary for the local program. The adjusted program total for FY 2020 is the net change to the program. Changes occur because projects are delayed or moved ahead, projects are added, and some projects are deferred or determined not to be needed throughout the year. The adjusted program for the local system is \$951.9 million. Re-appropriations and other special appropriations were used to fund the net increase to the program. During FY 2020, awarded projects for the local system were \$663.6 million.

FY 2020 Local Program Awards Summary in Dollars (\$Millions)		
	<u>Annual Program</u>	<u>Adjusted Program</u>
Total Program Dollars	\$757.0	\$951.9
Total Awarded Dollars	\$417.4	\$663.6
% of Program	55.1%	69.7%

FY 2020 Local Program Awards Summary in Number of Projects		
	<u>Annual Program</u>	<u>Adjusted Program</u>
Total # Programmed	485	711
Total # of Awards	213	636
% of Program	43.9%	89.5%

The local program awards are shown in Exhibit B. Additions to the program are noted with an "ADD," carryovers are noted with a "C/O".

PART III:
SUMMARY OF LOCAL BENEFITS
FROM STATE ASSISTANCE

SUMMARY OF LOCAL BENEFITS FROM STATE ASSISTANCE

This section presents a review of the programs that provide local units of government with assistance in financing their road and street improvement programs.

Two categories of state assistance are covered: Direct State Assistance and Special State Assistance programs. Both programs provide additional funding to local governments through the passage of Illinois FIRST in FY 1999, Public Act 91-20.

The categories of assistance are briefly described with an accounting of the allocation of funds to the local units, as prescribed by the enacting legislation for each program.

Direct State Assistance

Motor fuel tax allotments to local governments increased from FY 2019 to FY 2020. In FY 2019 the allocation was \$573.9 million and in FY 2020 the allocation was \$860.1 million.

Special State Assistance Programs:

Consolidated County Assistance -- Every county, excluding Cook County, shared in \$21.8 million of additional state assistance under this program in FY 2020.

Needy Townships -- 797 township/road district units shared \$10 million in additional state assistance from this program in FY 2020.

High Growth Cities -- 149 cities received a share of the \$4 million distribution of additional state assistance provided by this program in FY 2020.

Township Bridge -- \$15 million was distributed for local bridges in FY 2020.
