- New Employees earn (10) paid Vacation Days their first year of service and can earn up to (25) paid Vacation Days annually.
- Employees earn (3) paid Personal Days annually.
- (13-14) paid holidays annually (based on start date)
- Tuition Reimbursement

We invite qualified applicants to apply to become part of our team. We are confident that you will take pride in serving Illinois and its residents and visitors.

Job Responsibilities

This position is accountable for the inspection and documentation of highway improvements. This position may be assigned to a rotation program and/or may be assigned to various sections or bureaus in the district during the winter months.

Number of Projects: 1 to 3, 1-10 miles in length

This position reports to the Resident Engineer. No subordinates report to this position.

This position is involved in the inspection and documentation of all types of construction projects. These projects include new construction as well as widening and resurfacing projects. The incumbent is involved in all phases of the projects from construction surveying to material inspection and documentation.

The position may be enrolled in a rotation program and may be assigned to various sections or bureaus in the district. These responsibilities may involve performing various assigned duties within the district sections of Programming, Studies and Plans, Project Support, Land Acquisition, Construction, Materials, Local Roads, Maintenance, Bridges, and Traffic.

Typical problems faced by the incumbent are primarily technical in nature but occasionally may require the incumbent to serve as party chief. Technical skills are required for the in-field interpretation of road and highway plans as they relate to the actual in-field situations. These skills are used to compute quantities of materials used and to perform construction surveys and inspections. The greatest challenge of this position is to ensure an accurate on-site inspection and documentation while at the same time maintaining a harmonious relationship with contractor personnel.

The incumbent personally inspects earthwork, hot-mix asphalt resurfacing, Portland cement concrete paving, and bridge construction. This position also works on a survey crew, plots cross sections, performs computations, and performs documentation on assigned projects.

The incumbent operates within the guidelines of the Plans, Special Provisions and Standard Specifications for Road and Bridge Construction. S/He resolves minor construction problems. Other problems are referred to the Resident Engineer or Resident Technician. This position is constrained by departmental regulations.

The incumbent has contact with contractor personnel and occasionally with the public. S/He may be required to travel a considerable distance to the job site and/or stay away overnight.

The effectiveness of this position can be measured by the thoroughness of the inspections performed and the neatness of required documentation.

Principal Accountabilities

1. Ensures an accurate and thorough inspection and documentation of assigned construction projects.
2. Performs construction surveys and inspections.
3. Performs general design or planning work during winter months.
4. Performs duties in compliance with departmental safety rules. Performs all duties in a manner conducive to the fair and equitable treatment of all employees.
5. Performs other duties as assigned.

Qualifications

Position Requirements

- Education/Experience:

- Completion of two years of college in civil engineering technology, pre-engineering or a job related technical/science curriculum OR
- Two years of engineering experience
- Valid driver's licenses
- Districtwide travel with occasional overnight stays
- Overtime
- Ability to work outdoors in a variety of conditions including active construction sites

Position Desirables

- Ability to communicate effectively and follow oral and written instructions
- Basic skill in the use of engineering field and office instruments
- Working knowledge of math to include trigonometry
- Working knowledge of the preparation and reading of design plans and ability to utilize computer aided design and drafting (CADD) software (MicroStation or AutoCADD)
- Working knowledge of Microsoft Excel and Word
- Knowledge of roadway construction and materials/laboratory testing equipment

Work Hours: 7:00 AM - 3:30 PM Monday - Friday

Work Location: 126 E Ash St Springfield, IL 62704-4766

Office: Office of Highways Project Implementation/Region 4/District 6/Project Implementation

Agency Contact: DOT.CONTACTHR@ILLINOIS.GOV

Job Family: Transportation; Sciences and Natural Resources
