POSITION DESCRIPTION**

<b>DATE:</b>	January 14, 2019	<b>WORKING TITLE:</b>	Design Trainee
<b>POSITION CLASSIFICATION:</b>	Civil Engineer Trainee	<b>OFFICE/BUREAU:</b>	OHPI/Program Development
<b>POSITION NUMBER:</b>	PW110-23-58-303-30-01	<b>REGION/DISTRICT:</b>	Region 5/District 8

---

***Position Purpose***

This position is accountable for preparing and developing various contract plans that are used for highway construction and all related calculations and documentations.

***Dimensions***

Design/Project Reports:	5 to 10 annually
Annual Value of Projects:	\$3 - \$30 Million

***Nature and Scope***

This position reports to the Senior Designer Reviewer. No subordinates report to this position.

This position is accountable for preparing contract plan sheets and related documentation for highway construction within a district that is both highly urbanized and rural in nature. This requires the incumbent to deal with urban and rural design standards. In addition, the district is experiencing rapid commercial, industrial, and residential growth which necessitates the need to develop new or rehabilitate existing highway systems in congested areas which complicates the task of highway design.

The incumbent is required to assure that all pertinent topographic and design data has been included on all plan sheets in a clear and concise manner. The incumbent's greatest challenge is keeping abreast of the latest design guidelines and policies in order that plan preparation can proceed in an effective manner and within established schedules.

The incumbent is required to interpret data from topography and digital terrain model files generated from raw survey data; develop horizontal and vertical alignments, existing and proposed cross sections, proposed design conditions, construction details, earthwork and other minor quantities and schedules utilizing Computer Aided Drafting and Design (CADD) tools; complete minor drainage evaluations for the location and size of the various drainage facilities; assure that all necessary computations and correspondence are properly documented; participate in field inspections; and generally assist the Senior Designer-Reviewer in the supervision and completion of contract documents.

The incumbent's authority is limited to development of all required basic designs and advises the Senior Designer-Reviewer of difficulties with interpretation of the Illinois Department of Transportation Policies and Procedures, Federal Highway Administration (FHWA) guidelines, and American Association of State Highway and Transportation Officials (AASHTO) publications.

In performing the functions of this position, the incumbent is required to communicate with personnel in the district Project Support, Land Acquisition, Materials, Location Studies, and Construction sections.

The incumbent is evaluated according to his/her ability to develop accurate, concise, and clear contract plans, related calculations, and documentation within established time frames.

**Principal Accountabilities**

1. Develops, prepares, and coordinates all contract plans assigned in an accurate and timely manner.
2. Assures that all quantities have been properly calculated or reviewed and that proper documentation is available.
3. Assists in the training and supervision of temporarily assigned personnel
4. Utilizes CADD tools for plan preparation, calculation, and documentation.
5. Performs duties in compliance with departmental safety rules. Performs all duties in a manner conducive to the fair and equitable treatment of all employees.
6. Performs other duties as assigned.

**Subordinates of this position**
