Pre-Stage Work for Reconstruction of East River Road Bridge

CHICAGO – The Illinois Department of Transportation (IDOT) announced that pre-stage work for the reconstruction of the East River Road bridge, over Interstate 90, in Chicago, will begin, weather permitting, Monday, Feb. 8.

Motorists can expect intermittent, temporary lane closures on East River Road over Interstate 90. The project will also require temporary overnight closures and shoulder closures on Interstate 90 at East River Road.

A full closure of the bridge will take place in Spring 2016.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
