Cedar St. Bridge Lane Closures

PEORIA – The Illinois Department of Transportation announces that traffic in both directions of the Cedar St. Bridge (IL 8/IL 116) over the Illinois River will be shifted to the eastbound lanes, beginning Wednesday, May 18.

This traffic pattern is expected to be in place for approximately the next two months; traffic will then be moved to the westbound lanes. The bridge is scheduled to be closed to all traffic for approximately two months, beginning late summer or early fall this year.

This project includes: joint removals and replacements, steel structure repairs, painting and cleaning. Project limits are Jefferson St. in Peoria to Main St. in East Peoria; motorists should expect lane closures throughout the project limits while the work is being completed. The entire project is scheduled to be completed in June 2017.

Please slow down and use extreme caution while driving through all work zones.
