Illinois 351 ramp at I-80 to close July 30 *Part of I-80 bridge project at Peru*

OTTAWA – The Illinois Department of Transportation announced that the ramp from northbound Illinois 351 to westbound Interstate 80 just east of Peru will close July 30.

The closure is necessary to repair the bridge that carries westbound I-80 over Raccuglia Drive. All other ramps will remain open. A detour utilizing eastbound I-80 and I-39 will be posted.

This work is part of a larger project to repair or replace the I-80 bridges over the Little Vermillion River, East 3rd Road and Raccuglia Drive. Construction on westbound I-80 is expected to last until late fall, and work on eastbound I-80 will begin next spring.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
