## **Interactive website for Illinois 43 study**

**CHICAGO** – The Illinois Department of Transportation is inviting the public to learn more and comment about proposed improvements to Illinois 43 (Harlem Avenue) from 63<sup>rd</sup> to 65<sup>th</sup> streets in Chicago and Summit through an enhanced project website: [www.il43study.org](http://www.il43study.org).

On the website, the public can see a project overview, including proposed alternatives that would separate the Belt Railway Company of Chicago tracks from Harlem Avenue at one or both of the 63<sup>rd</sup> and 65<sup>th</sup> street locations, as well as more information on the potential for improvements to 65<sup>th</sup> Street that will continue to be studied.

If members of the public have additional questions or wish to discuss the project after visiting the website, they can provide contact information and a project team member will follow up.

Written comments can be mailed to:

**Illinois Department of Transportation**  
**201 Center Court**  
**Schaumburg, Ill. 60196-1096**  
**Attn: Griselda Monsivais in Bureau of Programming**

All comments received by Aug. 15 become part of the official public meeting record.

Anyone without internet access may contact Steve Schilke, Project and Environmental Studies Section Chief, at (847) 636-2343 for more information. Anyone needing special assistance can contact Griselda Monsivais at (847) 705-4716.
