## **Market Street patching begins May 4**

**CHAMPAIGN** – The Illinois Department of Transportation announces that pavement patching on Market Street between Ford Harris Road and Hensley Road north of Champaign begins May 4.

Market Street will be reduced to one lane with traffic controlled by flaggers during the work, which is expected to last two weeks.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
