CONSTRUCTION NEWS UPDATE

BRIDGE REPAIRS and HOT MIX ASPHALT RESURFACING

I-24

MASSAC COUNTY

CARBONDALE-The Illinois Department of Transportation is updating motorists traveling on I-24 in Massac County that pavement patching and hot mix asphalt resurfacing will begin April 25, 2022, weather permitting.

The pavement patching and hot mix asphalt resurfacing from the structures over Country Club Road (Mile Post 35) to the Ohio River Bridge (Mile Post 39), including the I-24/US 45 Metropolis interchange are to be completed at night from 7 PM to 7 AM Monday night through Friday morning.

All lanes in this area shall be open to traffic from 7 AM Friday to midnight Sunday. The lane closures will remain during the daytime, Monday through Thursday, and no work is allowed from 7 AM to 7 PM.

Bridge work will continue on the various structures from the Johnson County line (Mile Post 24) to the structures over Country Club Road (Mile Post 35). Daytime pavement patching and hot mix asphalt resurfacing will begin once all bridge work is completed in this area.

The entire project is to be completed by November 15, 2022.

Motorists should be aware of the 14'-3" width restriction, reduce speed, be alert for equipment and workers and use extreme caution while traveling through all work zones.

To avoid any delays, motorists should seek an alternate route. Emergency vehicles will be allowed through the work zone as quickly as possible.
