I-290 over Illinois 83, Wood Dale Road bridge repairs begin this week

CHICAGO – The Illinois Department of Transportation announced today that starting this week, work on the bridges carrying eastbound Interstate 290 over Illinois 83 (Kingery Highway) and Wood Dale Road, in Elmhurst and Addison, will require lane closures.

To complete the work, eastbound I-290 will be reduced from three lanes to two lanes just before and after each bridge.

The \$2.2 million project, which consists of bridge joints replacement and deck repairs for both bridges is anticipated to be completed in late November.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 2,500 miles of highway and nearly 10 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Accomplishments through Year Three of Rebuild Illinois included approximately \$8.6 billion of improvements statewide on 4,422 miles of highway, 412 bridges, and 621 additional safety improvements.
