Illinois 116 work begins Aug. 8

FARMINGTON – The Illinois Department of Transportation announced that work on Illinois 116 between Illinois 78, just east of Farmington, and Eden Road in Peoria County begins Aug. 8.

The project involves applying a microsurface treatment to the pavement and will reduce Illinois 116 to one lane, with traffic controlled by flaggers. Work is expected to be complete by mid-September.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 3,500 miles of highway and 9 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Accomplishments through Year Two included approximately \$5.2 billion of improvements statewide on 3,020 miles of highway, 270 bridges and 428 additional safety improvements.
