U.S. 20 resurfacing near Pecatonica begins July 11

DIXON – The Illinois Department of Transportation announced today that weather permitting, construction will begin on U.S. 20 near Pecatonica in Winnebago County on Monday, July 11. A lane closure in each direction from the Stephenson-Winnebago County line to Pecatonica Road in Winnebago County will be utilized throughout the project.

Work on this 1.86-mile section of road includes pavement milling and resurfacing. This \$1.6 million project is expected to be complete in early September.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 3,535 miles of highway and 9 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Accomplishments through Year Two included approximately \$5.2 billion in improvements statewide on 3,020 miles of highway and 270 bridges along with 428 additional safety improvements.
