## Illinois 64 repairs in Ogle County begin July 18

**DIXON** – The Illinois Department of Transportation announced today that, weather permitting, repairs on the Illinois 64 bridge crossing the West Branch of Pine Creek in Ogle County will begin on Monday, July 18. The bridge is located 4 miles east of Illinois 26.

Work will consist of bridge deck repairs. One lane of traffic will be maintained using temporary traffic signals. The project is expected to be completed by July 22.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 3,535 miles of highway and 9 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Accomplishments through Year Two included approximately \$5.2 billion in improvements statewide on 3,020 miles of highway and 270 bridges along with 428 additional safety improvements.
