I-55 work in Livingston County begins June 13

OTTAWA – The Illinois Department of Transportation announced today that patching of Interstate 55 in Livingston County will begin Monday, June 13. The work involves 19 miles of I-55 from the McLean-Livingston County line near Chenoa to north of Pontiac.

There will be some daytime and overnight lane closures during the week. All lanes will be open during weekends and legal holidays from 3 p.m. Friday through midnight Sunday. The work is anticipated to be completed by July 11.

Motorists can expect delays and should allow extra time for trips through this area and be prepared for slow and stopped traffic. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices, and be alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 3,535 miles of highway and 9 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Accomplishments through Year Two included approximately \$5.2 billion in improvements statewide on 3,020 miles of highway and 270 bridges along with 428 additional safety improvements.
