Bridge painting in Henry County begins July 5

DIXON – The Illinois Department of Transportation announced today that weather permitting, bridge painting on two Henry County bridges will begin Tuesday, July 5. The bridges are 2100 E crossing Interstate 80 west of Atkinson and Illinois 84 crossing the Green River south of Colona.

Lane closures will be utilized on I-80 near 2100 E and temporary signals will be used on Illinois 84 during the work. The projects are expected to be completed by Aug. 15.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 3,535 miles of highway and 9 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Accomplishments through Year Two included approximately \$5.2 billion in improvements statewide on 3,020 miles of highway and 270 bridges along with 428 additional safety improvements.
