Irving Park Road intersection improvements at Scott Street and Judd Avenue resumes March 21

CHICAGO – The Illinois Department of Transportation announced today that intersection improvements on Irving Park Road (Illinois 19) at Scott Street and at Judd Avenue, in Schiller Park, resumes, weather permitting, Monday, March 21. To complete the work, daytime lane closures will take place.

The \$2.4 million project will reconstruct the intersection, install modernized traffic signals and construct a multi-use path along the south side of Irving Park Road, from Judd Avenue to just west of 25th Avenue. Work is anticipated to be completed in late July.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 3,535 miles of highway and 9 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Accomplishments through Year Two included approximately \$5.2 billion of improvements statewide on 3,020 miles of highway, 270 bridges and 428 additional safety improvements.
