East State Street work in Rockford resumes March 30

DIXON – The Illinois Department of Transportation announced today that weather permitting, construction on East State Street (Business U.S. 20) in Rockford will resume on Wednesday, March 30. The work zone is between Mill Road and Buckley Drive and includes the intersection with Perryville Road.

Work includes resurfacing, installing new curbs and gutters, sidewalks, signal modifications, and a multi-use path with lighting. There will be various temporary lane closures in both directions throughout the \$6.6 million project, which is anticipated to be completed by the end of June.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
