## **Overnight closures of Market over I-74 begin May 31** *Bridge removal to last four nights*

**CHAMPAIGN** – The Illinois Department of Transportation announced that Market Street over Interstate 74 will be closed overnight for four nights beginning May 31.

The closures are necessary to remove the Market Street bridge and will take place from 8 p.m. to 6 a.m. each night. Work will begin with removal of the bridge deck and then move on to the removal of the beams. I-74 traffic will not be affected beyond the crossover already in place.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 3,500 miles of highway and 9 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Accomplishments through Year Two included approximately \$5.2 billion of improvements statewide on 3,020 miles of highway, 270 bridges and 428 additional safety improvements.
