Pavement work on U.S. 24, Illinois 29 begins May 9

BARTONVILLE – The Illinois Department of Transportation announced that construction on U.S. 24 between Bartonville and Illinois 9 in Peoria County, as well as on Illinois 29 between Creve Coeur and Marquette Heights in Tazewell County, begins May 9.

The project involves crack and joint sealing as well as new pavement markings and will require lane closures in both directions. Work is expected to be complete in June.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 3,500 miles of highway and 9 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Accomplishments through Year Two included approximately \$5.2 billion of improvements statewide on 3,020 miles of highway, 270 bridges and 428 additional safety improvements.
