## U.S. 52/Illinois 64 work in Carroll County begins Oct. 10

**DIXON** – The Illinois Department of Transportation announced today that weather permitting, a culvert replacement project will begin on U.S. 52/Illinois 64 near Grange Road in Carroll County. The work zone is located about 6 miles east of Lanark.

The project will close U.S. 52/Illinois 64 near Grange Road for five days beginning at 7 a.m. on Monday, Oct. 10. A posted detour will direct traffic to use Illinois 73, Illinois 72 and Illinois 26. The road is expected to reopen by 6 p.m. on Friday, Oct. 14. The project is expected to be completed by the end of November.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 2,500 miles of highway and nearly 10 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Accomplishments through Year Three of Rebuild Illinois included approximately \$8.6 billion of improvements statewide on 4,422 miles of highway, 412 bridges, and 621 additional safety improvements.
