11/15/22 UPDATE:

Work scheduled for Tuesday, Nov. 15, has been canceled because of weather.

Work and full closures of I-57 is still scheduled for overnight on Wednesday, Nov. 16, and Thursday, Nov. 17. Work and a full closure of I-57 also will occur overnight on Monday, Nov. 21.

I-57 in Kankakee closes overnight Nov. 14 to 17

KANKAKEE – The Illinois Department of Transportation today announced that both directions of Interstate 57 through Kankakee will close overnight, weather permitting, from Monday, Nov. 14, through Thursday, Nov. 17, to accommodate construction of the of the north half of the Waldron Road/Maple Street bridge. The road will be closed between the U.S. 45/52 interchange (exit 308) and the Illinois 50 interchange (exit 315).

I-57 will close each night at 8 p.m. and will reopen by 6 a.m. the following morning. A posted detour for I-57 will direct motorists to use U.S. 45/52 and Illinois 50 to connect back to I-57.

Motorists can expect delays and should allow extra time for trips through this area and be prepared for slow and stopped traffic. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.

The work is part of a \$11.3 million project to replace the Maple Street/Waldron Road bridge over I-57. Maple Street/Waldron Road traffic has been routed onto the completed southern half of the bridge but will continue to be reduced to one lane between East Duane Boulevard and County Road S089E. Traffic will be controlled by temporary signals.

The entire project is scheduled to be completed in summer 2023, weather permitting.

Over the next six years, IDOT is planning to improve more than 2,500 miles of highway and

nearly 10 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Accomplishments through Year Three of Rebuild Illinois included approximately \$8.6 billion of improvements statewide on 4,422 miles of highway, 412 bridges, and 621 additional safety improvements.
