Montague Road bridge repairs underway

DIXON – The Illinois Department of Transportation announced today that repairs are underway to the Montague Road bridge over Bypass U.S. 20 in Rockford.

The work, which will replace a damaged beam, will close one lane on the bridge. Traffic will be maintained using temporary traffic signals. The closure on the Montague Road bridge will be maintained through Thursday, May 4.

Also, eastbound Bypass U.S. 20 will be closed at the bridge starting 6 p.m. Saturday, April 29. Traffic will be detoured using the Montague Road exit and entrance ramps. Eastbound Bypass U.S. 20 will reopen at 6 a.m. Sunday April 30. The entire project is scheduled to be completed on Thursday, May 4.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
