**REMINDER
REMINDER
REMINDER**

**AFFIDAVIT OF
AVAILABILITY and
REQUEST FOR
AUTHORIZATION TO
BID**

When submitting the Affidavit of Availability (BC-57), please ensure that you include **all** pending low bids not yet awarded or rejected. 44 IL Adm. Code Section 650.310.b states that “Prospective bidders shall notify the Department within **two (2) working days** of any low bids” pending award or contracts awarded **after** the submission of the affidavit. In addition, Section 650.350.d states that Authorization to Bid will be denied if “The contractor has provided false information on a bidder’s Affidavit of Availability or **has not promptly notified the Department of subsequent awarded contracts or pending awards.**”

If you have any questions, please contact the Prequalification Section at (217) 782-3413 regarding the Affidavit of Availability (BC 57).

**IDHR NUMBER
RENEWAL**

All contractors must be registered or submit evidence of application with the Illinois Department of Human Rights (IDHR) prior to obtaining authorization to bid. IDHR numbers are valid for a five year period and must be renewed previous to their expiration date to remain in effect. According to Department records, the majority of contractors’ IDHR numbers are due to expire in 2009. If a contractor does not have proof of a current IDHR number, they will not be granted authorization to bid. Please fax a copy of the IDHR renewal notification to the Prequalification Section at (217) 524-4922.

To re-register, contractors must file an Employer Report Form (IDHR PC-1) with IDHR. A form can be obtained in one of the following ways:

Telephone the IDHR Public Contracts Unit at (312)-814-2431 between Monday through Friday, 8:30 a.m. – 5:00 p.m., central time.
[TDD: (312) 263-1579]

**INSURANCE
REQUIREMENTS ON
LOCAL ROADS AND
STREETS' PROJECTS**

All Local Roads and Streets' contracts contain a Special Provision (LR-107-4) requiring the contractor to name listed entities as an additional insured under the contractor's general liability insurance policy in accordance with [Article 107.27](#) of the Standard Specifications for Road and Bridge Construction.

Contractors with "blanket" certificates of insurance will need to have any necessary endorsements in place and submitted to the Contracts Office before the contract can be executed. Local Roads and Streets' contracts can be identified by the second digit of the contract being an odd number.

Some contractors have not been submitting the required insurance, which causes delays in execution of the contract. Please contact Nancy Knapp or Ryan Sheley at (217) 782-7806 if you have any questions.

**CHANGE IN SUBMITTAL
TIME FOR SUBSTANCE
ABUSE PREVENTION
PROGRAM
CERTIFICATION
(FORM BC 261)**

Effective starting with the August 1, 2008 Letting, the Substance Abuse Prevention Program (SAPP) Certification ([Form BC 261](#)) for the contractor must be submitted to the district no later than the preconstruction conference.

This is a change in the submittal time; the SAPPs are not to be submitted with the bid. The contractor must submit the SAPP for each subcontractor along with the Request for Approval of Subcontractor ([Form BC 260-A](#)).

Please see the Special Notice elsewhere in this Bulletin. If you have any questions, please contact Ryan Sheley at (217) 782-7806.

**SALE OF LETTING SET
CDs DISCONTINUED**

Effective with the August 1, 2008 Letting, the department discontinued the sale of Letting Set CDs. The extremely low number of requests indicated that this feature is no longer needed.

The Request for Authorization to Bid/Not for Bid Status ([BDE 124 INT](#)) has been revised to reflect this change. Please be sure that you are using the new version of the form (Eff. 7/30/08). If you have any questions, please feel free to contact Ryan Sheley or Tim Garman at (217) 782-7806.

FRAUDULENT LETTERS

Some IDOT contractors have recently received fraudulent letters on U. S. Department of Transportation (USDOT) letterhead stating that they are currently registered as a prospective contractor for procurements issued by USDOT. The fraudulent letter requests the contractor to submit a financial release form to be eligible for procurement with the USDOT. In addition, a second letter is faxed at the same time claiming that the original fax number was incorrect and that the information should be faxed to a correct fax number. Please be aware that USDOT does not require any confidential information to be submitted to verify Central Contractor Registration System registration, and that all companies should verify personally that they are sending information to an authorized USDOT official before submitting confidential company information.

The most recent letters were dated **September 9, 2008, from “David Jacobson” as the Senior Procurement Officer**. Please **DO NOT** complete the Authorization to release financial information form that is attached to the letter and **DO NOT** release any information to the facsimile number cited in the second letter.

To report these fraudulent letters, the point of contact is the Department of Transportation Office of the Inspector General Hotline at 1-800-424-9071.

STAY INFORMED!

Keep in touch with your representative on the IDOT/Industry Policy Committee and IDOT/Industry Joint Co-op Committee.

Contractor Publications Electronic Subscription Service

To receive construction contractor related publications and reports through the free subscription service, please follow the instructions to subscribe. The information will be automatically e-mailed to the subscriber on the publish date. The following publications and reports are currently available for subscription:

IDOT Contractor's Packet

Subscription listname: **IDOTContractorsPacket**

The IDOT Contractor's Packet automatically subscribes the requestor to all of the following publications and reports. Those not wishing to receive all of the following lists can subscribe to the desired lists individually.

IDOT Addendum Checklist

The IDOT Addendum Checklist identifies all letting items that have been revised by addendum. The contractors should use this checklist to ensure they have incorporated into their plans and proposals all addenda that have been issued for each particular letting item. The checklist also identifies withdrawn and deleted items. The checklist is published regularly whenever addenda are processed.

IDOT Aeronautics Unit Price Tabulation of Bids

The Aeronautics Unit Price Tabulation of Bids is a listing of all unit price bids on awarded jobs for the letting, sorted by letting item. The listing identifies the actual bidders, the as-read bid amounts, the corrected bid amounts (if applicable) and the low bidders. The listing is not published until jobs are awarded. Typically, Unit Price Tabulation of Bids listings begin to be published four to eight weeks after the letting, excluding the federal discretionary seeking projects placed on the March and August lettings. These may take several months before funds are secured and the projects awarded.

IDOT As Read Tabulation of Bids

The IDOT As Read Tabulation of Bids is a listing of bids as they were read at the bid opening. The bid amounts are not checked at the time this listing is produced. This listing also includes a page which identifies all letting items for which the as read low bid was, prior to a post letting review, within a reasonable approximation of the Engineer's estimate. The listing is usually published by 4:30 p.m. of the day of the letting.

IDOT Bituminous Price Index

The [Bituminous Price Index](#) is a monthly listing of the average price of PG64-22. This price is used in determining the Bituminous Materials Cost Adjustments on contracts containing this special provision.

IDOT CBid Files

The CBID files contain the pay items and quantities for a contract, as well as macros to prepare and print a bid. These files are in Microsoft Excel format (xls). CBID files are put on the Website as they become available. **It is your responsibility** to determine which, if any, addenda pertains to any project you may be bidding. **Failure to incorporate all relevant addenda may cause your bid to be declared unacceptable.** Note that the CBID filename is the same as the IDOT Contract Number. Please refer to the Transportation Bulletin – Notice of Letting for the correct contract number.

IDOT Construction Contractor's Transportation Bulletin – Notice of Letting

The IDOT Construction Contractor's Transportation Bulletin – Notice of Letting is the official publication and invitation for construction bids by the Illinois Department of Transportation's Division of Highways, IDOT Division of Aeronautics and the Illinois Department of Natural Resources. The bulletin also contains information pertaining to pre-bid meetings, the DBE program and other current information. The bulletin will be published on the advertised publish date for each regularly scheduled letting. Special lettings will have applicable bulletins published at least 14 days prior to the letting on an as needed basis.

IDOT Corrected Tabulation of Bids

The IDOT Corrected Tabulation of Bids is a listing of all bids for the letting, sorted by letting item. All bids have been recalculated and checked before this listing is produced. The listing identifies the eligible bidders, the actual bidders, the as-read bid amounts, the corrected bid amounts (if applicable) and the low bidders for the letting. The listing is usually published within 14 days after the letting.

IDOT Federal Wage Rates Listing

The IDOT Federal Wage Rates listing identifies the current federal wage rates to be used by contractors for preparing bids whenever the construction activities are federally participating. The federal wage rates will be published 10 days prior to the letting date.

IDOT For Bid List of Bidders

The IDOT For Bid List of Bidders is a compilation of all potential bidders who have been authorized to bid on each letting item for each letting. A separate list is compiled for each letting and the list is sorted by letting item. The list will be published several times with the last time being one day prior to the letting.

IDOT Letting Plans

The IDOT Letting Plans (and proposals) are available for download on the IDOT Web Site. Go to the Letting & Bidding Information page at: <http://www.dot.il.gov/desenv/delett.html> And select the current Letting date. Plans are posted as they become available.

IDOT Letting Proposals (Specifications)

The IDOT Proposal is a booklet that contains the bidding package, schedule of prices, specifications and wage rate information for a selected job included on the letting. Some of these Proposals contain fold up (FUP) plans for the jobs. Although the Proposal contains all necessary information needed to bid, Authorization to Bid must be requested and received prior to the letting for a bid to the Department to be considered. Bids submitted without Authorization to Bid will **NOT** be considered. Proposals are available for download on the IDOT Web Site. Go to <http://www.dot.il.gov/desenv/delett.html> and select the current Letting date. Proposals are posted as they become available.

IDOT Local Roads Contractors Bulletin

The Contractors Bulletin is a weekly publication advertising locally let and "material only, bids" for local agencies, counties, cities/villages, and road districts throughout the state. The bulletin is in three parts: (1) previous advertisements for two weeks, (2) new advertisements with a description of the job, the date and time of letting, description of the material needed for bidding and any other information, and (3) awarded projects identifying the successful bidder and the dollar amount.

IDOT News Flash from BDE

IDOT Not For Bid List of Bidders

The IDOT Not For Bid List of Bidders is a compilation of all parties who have requested plans and/or proposals. A separate list is compiled for each letting and the list is sorted by letting item. The list will be published several times.

IDOT Pay Item Report

The Pay Item Report is a listing of all pay items on a letting. For each pay item, the listing identifies the quantity, letting item number, contract number, county, IDOT district office and the unit of measure.

IDOT Pay Item Report with Awarded Prices

The Pay Item Report with Awarded Prices is a listing of all pay items on a letting. For each pay item, the listing identifies the quantity, letting item number, contract number, county, IDOT district office and the unit of measure. This report has an added column which is the awarded unit price of each item. The Pay Item Report with Awarded Prices will be published after the last item on the letting is awarded.

IDOT Unit Price Tabulation of Bids

The IDOT Unit Price Tabulation of Bids is a listing of all unit price bids on awarded jobs for the letting, sorted by letting item. Whereas the As Read Tabulation of Bids and the Corrected Tabulation of Bids provide the sum total amount bid for each letting item, the Unit Price Tabulation of Bids provides the break down of all bids per line item unit price, and it is only provided for awarded jobs. The listing identifies the actual bidders, the as-read bid amounts, the corrected bid amounts (if applicable) and the low bidders. The listing is not published until jobs are awarded. Typically, Unit Price Tabulation of Bids listings begin to be published within three weeks after the letting and may continue for up to 60 days. Jobs through the Division of Aeronautics and the Department of Natural Resources are not included.

IDOT Transportation Procurement Bulletin

2. **DBE DIRECTORY**

Pursuant to the requirements of the federal regulations, all state transportation agencies that receive federal-aid funds are required to implement a “one-stop” certification process for DBEs. As a result of this requirement, the Department, together with the City of Chicago, CTA, Metra and Pace, has established the Illinois Unified Certification Program (IL UCP).

The IL UCP maintains a Directory to provide a reference source to assist bidders/proposers in meeting DBE contract goals. The Directory lists the DBE-certified firms in alphabetical order with their address, contact information and specialty of work. It is the responsibility of the prime contractor/consultant to make his/her own determination regarding the capability of a DBE firm. Only those firms certified as of the letting date/bid opening may be utilized in meeting a DBE contract goal.

3. **Supportive Services Consultants**

The Bureau of Small Business Enterprises administers the federal Disadvantaged Business Enterprise (DBE) program and ensures that external Equal Employment Opportunity, On-the-Job Training and Labor contract requirements are met. The goal of IDOT’s Supportive Services program is to provide assistance that fosters opportunities for DBE firms and minority and female individuals to participate in IDOT’s transportation-related contracts.

The following consultants have contracts to provide supportive services assistance. These services are provided at no charge to IDOT’s DBE firms, to those firms seeking IDOT DBE program certification, to individual minorities and females seeking employment, to IL UCP DBE-certified firms who have an IDOT contract, and to prime contractors doing business with IDOT.

Management Assistance - DBE firm recruitment, certification application assistance, business plan orientation workshops, business plan reviews and updates, finance, technology, marketing strategy, networking with prime contractors and expanding business opportunities.

REVISIONS TO THE ILLINOIS PREVAILING WAGE RATES

The Prevailing rates of wages are included in the Contract proposals which are subject to Check Sheet #5 of the Supplemental Specifications and Recurring Special Provisions. The rates have been ascertained and certified by the Illinois Department of Labor for the locality in which the work is to be performed and for each craft or type of work or mechanic needed to execute the work of the Contract. As required by Prevailing Wage Act ([820 ILCS](#) 130/0.01, et seq.) and Check Sheet #5 of the Contract, not less than the rates of wages ascertained by the Illinois Department of Labor and as revised during the performance of a Contract shall be paid to all laborers, workers and mechanics performing work under the Contract. Post the scale of wages in a prominent and easily accessible place at the site of work.

If the Illinois Department of Labor revises the prevailing rates of wages to be paid as listed in the specification of rates, the contractor shall post the revised rates of wages and shall pay not less than the revised rates of wages. Current wage rate information shall be obtained by visiting the Illinois Department of Labor web site at <http://www.state.il.us/agency/idol/> or by calling 312-793-2814. It is the responsibility of the contractor to review the rates applicable to the work of the contract at regular intervals in order to insure the timely payment of current rates. Provision of this information to the contractor by means of the Illinois Department of Labor web site satisfies the notification of revisions by the Department to the contractor pursuant to the Act, and the contractor agrees that no additional notice is required. The contractor shall notify each of its subcontractors of the revised rates of wages.

ABOUT IDOT PROPOSALS: All proposals issued by IDOT are potential bidding proposals. Each proposal contains all Certifications and Affidavits, a **Proposal Signature Sheet** and a **Proposal Bid Bond** required for Prime Contractors to submit a bid after written **Authorization to Bid** has been issued by IDOT's Central Bureau of Construction. Small Business Set-Asides do not require **Authorization to Bid** or a **Proposal Bid Bond**.

ADDENDA/REVISIONS: Those contractors downloading proposals from the internet are responsible for checking the Department's web site (<http://www.dot.il.gov>) for any ADDENDA or REVISIONS that may effect the downloaded proposal. An Addenda/Revision tracking sheet is on the Department's web site and notification may be e-mailed, upon subscribing to Departments' subscription service. Once an Addendum or Revision is confirmed, the updated material may be downloaded from the internet. It is the contractor's responsibility to download the updated Proposal to receive the updated information.

HOW TO OBTAIN ELECTRONIC PLANS & PROPOSALS? Download from IDOT's website at <http://www.dot.il.gov>.

WHO CAN BID? Bids will be accepted from only those companies that request and receive written **Authorization to Bid** from IDOT. The preceding does not apply to items designated as Small Business Set-Asides.

WHAT CONSTITUTES WRITTEN AUTHORIZATION TO BID? When a prospective prime bidder submits this form, he/she must indicate at that time which items are being requested For Bidding purposes. Only those items requested For Bidding will be analyzed. After the request has been analyzed, the bidder will be issued a **Proposal Denial and/or Authorization Form**, approved by the Central Bureau of Construction, that indicates which items have been approved For Bidding. If **Authorization to Bid** cannot be approved, the **Proposal Denial and/or Authorization Form** will indicate the reason for denial. The preceding does not apply to items designated as Small Business Set-Asides.

ABOUT AUTHORIZATION TO BID: Firms that have not received an authorization form within a reasonable time of complete and correct original document submittal should contact the department as to status. This is critical in the week before the letting. These documents must be received by three days before the letting date. Firms unsure as to authorization status should call the Prequalification Section of the Bureau of Construction at the number listed at the end of these instructions for items subject to prequalification. For Small Business Set-aside items contact the Contracts Office. The preceding does not apply to items designated as Small Business Set-Asides.

WHAT MUST BE INCLUDED WHEN BIDS ARE SUBMITTED? Bidders need not return the entire proposal when bids are submitted. That portion of the proposal that must be returned includes all documents from the Proposal Cover Sheet through the Proposal Bid Bond and other special documentation and/or information that may be required by the contract special provisions. All proposal documents, including Proposal Guaranty Checks or Proposal Bid Bonds, should be stapled together to prevent loss when bids are processed by IDOT personnel.

ABOUT SUBMITTING BIDS: It is recommended that bidders deliver bids in person to insure they arrive at the proper location prior to the time specified for the receipt of bids. Any bid received at the place of letting after the time specified will not be accepted.
