DESCRIPTION AND PURPOSE OF ITEM

This item identifies a system of highways approved for the legal travel of tractor/semitrailer loads not exceeding 80,000 pounds, 8 feet 6 inches wide, 13 feet 6 inches high, and overall length specified.

This information is used by the trucking industry to safely move vehicles with legal size loads.

This item can be obtained from the Designated State Truck Route System Map. If in question, contact the Central Bureau of Operations.

Note: This item is recorded in IRIS and is automatically transferred to ISIS.

CODE AND SCREEN ENTRY INSTRUCTIONS

A 1-digit numeric code.

Enter the appropriate code.

<u>Code</u>	<u>Description</u>
0	Non-designated highway - Legal overall truck length 65 feet, plus 1 mile and 5 mile access rules if exceeding 65 feet
1	Class I - No overall length specified. Restricted access State roadway or Tollway. No Local Roads.
2	Class II - No overall length specified.

Note: The Illinois Vehicle Code was revised to describe all roads in Illinois as satisfying the previous Class III truck route criteria.
