## BDE PROCEDURE MEMORANDUM

**NUMBER:** 15-08

**SUBJECT:** BDE Manual Revision – Chapter 27

**DATE:** October 9, 2015

---

Chapter 27 of the BDE Manual has been revised to incorporate Procedure Memorandum 10-05 "Compliance with Asbestos Requirements for Highway Bridges". Please see Chapter 27 of the BDE Manual on-line to view the revisions.

---

### Background

In furtherance of the Bureau of Design and Environment's (BDE) effort to incorporate outstanding Procedure Memoranda into the BDE Manual, BDE has elected to incorporate the procedures discussed in PM 10-05 into Chapter 27.

While the procedures primarily involve coordination between the Bureau of Bridges and Structures, Illinois Environmental Protection Agency (IEPA), and district offices, BDE's involvement begins once all asbestos containing bridges have been removed from the state. BDE will then notify the IEPA there are no bridges containing asbestos left and rescind the procedures contained in Chapter 27.

A handwritten signature in blue ink, appearing to read "Osman, Omer".
