BDE PROCEDURE MEMORANDUM

NUMBER: 13-08

SUBJECT: BDE Manual Revision – Chapter 18

DATE: August 21, 2013

The content of Chapter 18 “Transportation Enhancements” of the BDE Manual has been deleted from the Bureau of Design & Environment Manual and the chapter has been placed in reserve.

Background

With last year’s Federal transportation bill, “Moving Ahead for Progress in the 21st Century Act” (MAP-21), the Transportation Enhancements Program moved under a new program category called, the “Transportation Alternatives Program” (TAP) with new program guidelines. As such, the content of Chapter 18 was out of date.

This, combined with the fact that the Office of Planning & Programming has published the updated TAP guidelines on the IDOT website, makes the program’s inclusion in the BDE Manual no longer necessary.
