## BDE PROCEDURE MEMORANDUM

**NUMBER:** 14-07

**SUBJECT:** BDE Manual Revision – Chapter 39

**DATE:** July 7, 2014

---

Chapter 39 of the BDE Manual has been revised to clarify the dimensions in Figure 39-5.S. Please see Chapter 39 of the BDE Manual on-line to view the revisions.

---

### Background

The dimensioning and the cross section for Figure 39-5.S have been reconfigured to make the figure easier to interpret. Previously the significance or limits of some of the dimensions were not apparent or intuitive. Dimension distances were removed from the figure and in their places, the revised figure refers the designer to notes which provide the distances and define the dimensions.

References are given with the notes to verify the sources of the distances.

Due to the notes addressing the differences between Figure 39-5.S and Figure 39-5.T, the figures have been combined, and hence, Figure 39-5.T has been deleted.
