Traffic Volumes

Alton - Godfrey
Transportation Study
Madison County, IL

Legend

Existing 2010 Average Daily Traffic
Projected 2040 Average Daily Traffic
(% change from 2010)

IL 255 (Under Construction)
Cross-town Road (Proposed by Others)

Note: Traffic volumes will generally increase over time due to increases in population and employment except in locations where motorists may divert to other routes such as IL-255. Generally, traffic volumes in the study area are forecast to increase 15%-25% by 2040.
