

# PUBLIC INPUT

What concerns do you have about driving in the Study Area?

## Your input counts!

1. Please take a moment think about transportation in the project area and what issues are important to you.
2. Then share your thoughts about how the IL Route 3 Project might affect the area, your driving experience, or pass along any concerns you have on the flipchart to the right.
3. If you prefer, you may use a comment form instead.

### Suggested items to consider and share with us:

- Why do you travel in the study area?
- What routes do you avoid or prefer and why?
- What problems do you encounter when driving, biking or walking in the area?
- What transportation problems would you like to see addressed?
- Please share your experience with the following:
  - Access/circulation within project area
  - Delays caused by trains
  - Safety issues/accidents
  - Special event traffic
  - Pedestrians (crosswalks, sidewalks)
  - Truck traffic
  - Multi-modal connectivity (bus, bike, other)
  - Minimizing impacts to property
  - Accommodating/facilitating planned development
  - Protecting natural resources
- Anything else you'd like us to consider
