Current Bureau of Local Roads and Streets Circular Letters

COUNTY ENGINEERS/SUPERINTENDENT OF HIGHWAYS
MUNICIPAL ENGINEERS/DIRECTORS OF PUBLIC WORKS
CONSULTING ENGINEERS

#02-01

The Bureau of Local Roads & Streets (BLR&S) periodically issues circular numbered letters to update policy changes to the Administrative and Federal-Aid Manuals as well as informing local agencies of other pertinent information. BLR&S is in the process of rewriting the manuals through a consultant contract. In order to assist the consultant, BLR&S developed a list of valid BLR&S circular letters that have been issued since the last manual revision in 1990.

A database has recently been created to track the BLR&S circular letters. The database allows each letter to be designated as valid, obsolete, or informational. Enclosed is a list of [valid BLR&S circular letters](#) to assist you in updating your manuals. Please contact your district office if you need a copy of a circular letter on the list.

In the future the list of [BLR&S circular letters](#) will be available on IDOT's website (<http://www.dot.state.il.us/dobuisns.html>) under Local Roads and Streets. If you have questions pertaining to the circular letters, please contact Teresa Price by phone at (217) 785-1664 or by e-mail at pricetc@nt.dot.state.il.us.

Sincerely,

A handwritten signature in black ink that reads "Darrell W. McMurray".

Darrell W. McMurray, P.E.
Engineer of Local Roads and Streets
