

Michael R. Garcia P. E.
Chief, Rail Engineering
Bureau of Railroads, Room 339
Illinois Department of Transportation
2300 S. Dirksen Parkway
Springfield, IL 62764

Dear Mr. Garcia:

I have reviewed the bridge inspection reports and the original design drawings and certify that the existing bridges on the CREATE WA9 project corridor are capable of handling the increased traffic and speed without need for rehabilitation.

Attached are the current year Bridge Inspection Reports for the WA9 structures included within the boundaries of the ESR limits.

Respectfully
Mr. J. Doe, S.E.
Chief of Structures
Illinois Division
