

# IDOT MULTIMODAL MYP

## REBUILDING MULTIMODAL

As North America's transportation hub, Illinois is home to almost 60 transit providers, nearly 80 public airports and all major railroads, in addition to being bordered by rivers and the only connection between the Great Lakes and the Gulf of Mexico. Gov. JB Pritzker's Rebuild Illinois capital program supports a \$1 billion increase in multimodal transportation in the 2023-2028 Multimodal Multi-Year Program.
