Cicero Avenue intersection improvements in Matteson

CHICAGO – The Illinois Department of Transportation announced today that intersection improvements at Cicero Avenue (Illinois 50) and Lincoln Highway (U.S. 30), in Matteson, will require lane closures beginning, weather permitting, Monday, May 6.

The \$12.2 million project, which involves reconstructing and widening the existing intersection to allow for an additional dedicated left turn lane on Cicero Avenue and on Lincoln Highway, installing new modernized traffic signals, new LED lighting and improving drainage, is anticipated to be completed late 2025.

Throughout construction at least two lanes in both directions will be maintained on Cicero Avenue and on Lincoln Highway.

The public can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.

Over the [next six years](#), IDOT is planning to improve more than 3,000 miles of highway and nearly 10 million square feet of bridge deck as part of Rebuild Illinois, which is investing \$33.2 billion into all modes of transportation. [Accomplishments](#) through Year Four of Rebuild Illinois included approximately \$12.1 billion of improvements statewide on 5,339 miles of highway, 533 bridges and 762 additional safety improvements.
