Lane closures on Clark bridge in Madison County begin June 14

ALTON – The Illinois Department of Transportation today announced that deck sealing work on the Clark bridge that carries U.S. 67 over the Mississippi River in Madison County will require intermittent nighttime lane closures starting, weather permitting, at 7 p.m. Friday, June 14. One lane will always remain open in each direction.

To help minimize the impact to traffic, all lanes will remain open between 7 a.m. and 5 p.m. The work is expected to be completed by the end of the weekend.

Drivers are urged to reduce speed, be alert for changing conditions, obey all construction signage, and refrain from using mobile devices while approaching and traveling through the work zone.
