BLRS SPECIAL PROVISION USAGE SHEETS

For the November 6, 2026 Letting

Revised 08/03/26

SUPPLEMENTAL SPECIFICATIONS

These specifications are considered to be part of the "Standard Specifications for Road and Bridge Construction" adopted January 1, 2022 and shall be inserted in all contracts by reference.

RECURRING SPECIAL PROVISIONS

These special provisions are listed on the Department's "Check Sheet". When the use of a special provision is mandatory or desired an "X" shall be in the appropriate box on the "Check Sheet" to be inserted in the bidding proposal. It is not necessary to include individual copies of these special provisions in the bidding document.

BUREAU OF DESIGN & ENVIRONMENT SPECIAL PROVISIONS (BDE)

These special provisions are not inserted on the Department's "Check Sheet". When the use of a BDE is mandatory or desired, it will be necessary for your office to include an individual copy of the special provision in the bidding proposal and contract.

LOCAL ROADS SPECIAL PROVISIONS (LR)

These special provisions are not inserted on the Department's "Check Sheet". When the use of a LR is mandatory or desired, it will be necessary for your office to include an individual copy of the special provision in the bidding proposal and contract.

CONTRACT SPECIAL PROVISIONS

These special provisions are written to cover unique situations in a particular job. Contract special provisions should not modify an existing special provision by referencing the existing special provision. When an existing special provision needs modified all identification numbers, effective dates, and revision dates must be removed. The modified special provision shall include either "(SPECIAL)" or "(MODIFIED)" at the end of the title. These special provisions will be inserted in the bidding proposal and contract by your office.
