T2 FALL TRAINING PROGRAM

FY2024

ILLINOIS TECHNOLOGY TRANSFER CENTER

ILLINOIS TECHNOLOGY TRANSFER CENTER

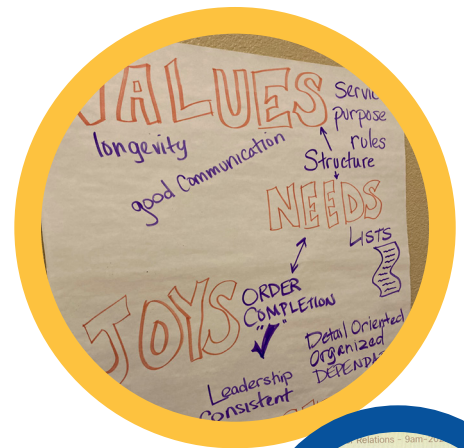

The Technology Transfer (T2) Program is a nationwide effort financed jointly by the Federal Highway Administration and individual state departments of transportation. Its purpose is to transfer the latest state-of-the-art technology in the areas of roads and bridges by translating the technology into terms understood by local and state highway or transportation personnel.

After reading about our training classes, please complete the online [enrollment form](#). Review our enrollment policy, as we have limited seating in some of our classes and in most cases, our seating is open to local agency personnel on a first-come, first-served basis. If you are not able to attend a class, please contact us as soon as possible so we may offer the spot to those on our waiting list. Notifying us in advance of substitution of students is also appreciated.

If you have any additional questions regarding our training program, please contact us.

Illinois Technology Transfer Center
Illinois Department of Transportation
2300 S. Dirksen Parkway, Room 208
Springfield, IL 62764

please visit the [T2 website](#).

MEET THE TEAM

Tim Peters

*Local Policy & Technology Engineer
Bureau of Local Roads and Streets
Illinois Department of Transportation*

**2300 S. Dirksen Parkway, Room 208
Springfield, IL 62764**

Office: 217-785-5048
Mobile: 217-836-5600
Email: Tim.Peters@illinois.gov

Barry Kent

*Technology Transfer Program Manager
Bureau of Local Roads and Streets
Illinois Department of Transportation*

**2300 S. Dirksen Parkway, Room 208
Springfield, IL 62764**

Office: 217-785-2350
Mobile: 217-720-2300
Email: Barry.Kent@illinois.gov

Stephanie A. Stoverink

*Technology Transfer Center
Training Development Technician
Bureau of Local Roads and Streets
Illinois Department of Transportation*

**2300 S. Dirksen Parkway, Room 207
Springfield, IL 62764**

Office: 217-557-1910
Mobile: 217-720-2428
Email: Stephanie.A.Stoverink@illinois.gov

Barry Lamb

*Training and Graphics Specialist
Bureau of Local Roads and Streets
Illinois Department of Transportation*

**2300 S. Dirksen Parkway, Room 205
Springfield, IL 62764**

Office: 217-785-8747
Email: Barry.Lamb@illinois.gov

Lisa Godfrey

*Training and Graphics Specialist
Bureau of Local Roads and Streets
Illinois Department of Transportation*

**2300 S. Dirksen Parkway, Room 207
Springfield, IL 62764**

Office: 217-557-1399
Mobile: 217-670-4181
Email: Lisa.Godfrey@illinois.gov

ONLINE ENROLLMENT

Please register online for all courses [here](#).

The courses listed on the following pages constitute the Technology Transfer Training Program and are scheduled to be presented on the dates and locations indicated. These classes are all tuition-free, unless otherwise noted. Travel, meals and lodging expenses are always the responsibility of the student.

ENROLLMENT

We invite your agency to enroll students in the classes you desire by completing our online [enrollment form](#).

It is important that you enroll early. Some classes fill up quickly, and we may not be able to schedule additional classes. In cases of excess enrollment, some attendance restrictions will be imposed. In cases of insufficient enrollment, classes may be cancelled. Enrollment in a class will be handled accordingly.

The contact person listed on the online enrollment form will receive an email approximately 24-48 hours prior to the class confirming their registration and providing the classroom/location information. If the class fills up, the applicant will be notified by email that they have been placed on a waiting list and will be contacted if there are cancellations.

CANCELLATION POLICY

If a student is unable to attend, it is the agency's responsibility to cancel at least 24 hours prior to the class. Frequent no shows may result in your agency receiving lower priority in future enrollments.

CONSULTANT POLICY

Enrollment for consultants will be allowed in all Technology Transfer training classes except for local agency only classes. Due to the popularity of our classes, we must limit each consulting firm to a maximum of four attendees per class.

CERTIFICATES

A certificate of completion will be awarded to students who successfully complete the final examination for the class. In classes where final exams are not given, a certificate of attendance will be awarded. The majority of T2 classes meet the requirements for Professional Development Hours. The number of PDHs given per class can be found with the course description; however, it is the student's responsibility to ensure that the course meets the continuing education requirements of their license.

For questions, please email Barry Kent at Technology Transfer Program Manager Barry.Kent@illinois.gov or call 217-785-2350 or 217-720-2300.

- If you are interested in hosting a training session or are interested in a specific session that is not currently being offered in your area, please email your request to any Technology Transfer Center staff member.
- Please continue to check your email for Technology Transfer Center announcements of additional classes being held during the fall training session.
- Please direct Flagger/Real Colors class requests and all questions about either training program to the T2 training development technician, Stephanie Stoverink, at Stephanie.A.Stoverink@illinois.gov or call 217-557-1910.

NOTE: CHANGES TO SCHEDULING OF FLAGGER TRAININGS

IDOT recommends retraining flaggers every three years. Flaggers who have not been trained in the last three years should be scheduled for training or use the online version of Flagger Safety training.

Flagger training sessions are scheduled regionally throughout the state. Additional trainings may be added and announced monthly from the T2 email subscription service. However, our capacity to add classes is limited. If your agency has a training room that is computer/projector accessible, will seat at least 50 participants and is open to employees from other agencies, please email Stephanie Stoverink or Barry Kent to be considered for a class onsite at your location.

The U.S. Department of Labor and the Illinois Department of Labor have not specifically defined flagging as a hazardous job. However, the Illinois Department of Transportation recognizes that certain hazards and risks come with the job. Therefore, registration for and participation in flagger training classes and activities are limited to participants aged 18 and up.

2024 FALL TRAINING SCHEDULE

Please register online for all courses [here](#).

Flagger Trainings		201 - Joliet 202 - Kane County 203 - O'Fallon 204 - O'Fallon	October 16 October 17 October 29 October 29	9:00 a.m. 8:00 a.m. 8:00 a.m. 12:00 p.m.
001	Introduction to Sewer Cleaning	IDOT Hanley Auditorium	October 4	9:00 a.m.
002	Open Source AI - Artificial Intelligence	Webex	October 9	9:00 a.m.

012	Snow and Ice Training	Webex	December 3	9:00 a.m.
013	How to Read Plans for Non-Engineers	Webex	December 10	9:00 a.m.
014	Real Colors	Cook County DoTH	TBD	9:00 a.m.

2024 FALL TRAINING COURSE DESCRIPTIONS

Flagger Training

Overview: This class provides training to local agency personnel for their day labor and maintenance activities. It meets requirements established by the Manual on Uniform Traffic Control Devices and the Occupational Safety and Health Administration.

Prerequisites: This course is available to local agency highway personnel holding a valid driver's license or an Illinois identification card from the Secretary of State.

Topics Covered: Traffic control devices, the flagger's role in work zone safety, Illinois laws and responsibilities, and flagging procedures.

- **Length:** ½ day
- **PDHs:** 3.0
- **Instructors:** Stephanie Stoverink and Lisa Godfrey (IDOT)

Introduction to Sewer Cleaning

Overview: This training includes a morning classroom session and an afternoon hands-on equipment demonstration in the field.

Topics Covered: Sewer cleaning, production and cost reduction, pneumatic plugs, use and maintenance of high-pressure sewer hose, nozzles, general sewer cleaning safety, vacuum system, jetter hose repair and general nozzle uses.

- **Length:** 1 day
- **PDHs:** 0.0
- **Instructor:** Rusty Nezat (Nezat Training and Consulting) with Brown Equipment

Lessons From Disaster

Overview: Students will learn to identify the critical decisions and events that preceded three past disasters. By understanding more about these disasters, highway engineers and technicians are more likely to identify similar mistakes in their own work, which may prevent future

accidents.

Topics Covered: The class will share insights on 3 disaster case studies: Fox River Grove Bus-Train Crash (IL, 1995), Schoharie Creek Bridge Collapse (NY, 1987) and the Space Shuttle Challenger disaster (FL, 1986).

- **Length:** ½ day
- **PDHs:** 0.0
- **Instructor:** Brian Tjernlund (Assistant Engineer, Lee County)

Snow and Ice Control Training

Overview: The course provides training to local agency personnel for their winter snow and ice operations.

Topics Covered: Planning for snow and ice operations, weather information sources, equipment, snow and ice chemicals, chloride and the environment, level of service, and post-storm activities.

- **Length:** 1 hour
- **PDHs:** 1.0
- **Instructor:** Tim Peters (IDOT)

How to Read Plans for Non-Engineers

Overview: This course covers the basics of plan reading. Participants will learn to how to identify and use plans for the purpose of construction, estimating or maintenance of roadway with the use of record drawings. Participants will take away skills to recognize and identify typical sections, pay items, and profiles on plan sheets, use As-builts plans to identify materials and standards to maintain construction projects after final construction.

- **Length:** 1 hour
- **PDHs:** 0.0
- **Instructor:** Mandy Mooberry (Construction Program Manager, Millennia Professional Services)

Open-Source AI-Artificial Intelligence

Overview: This webinar describes successes and challenges of motivating public and nonprofit workers to use open-source software in their workplaces and homes. Based on Dr. Funderburg's experience teaching two new courses on AI to Public Management and Policy students at the University of Illinois Springfield, participants will learn how to take advantage of recent technological advances in AI and understand how the tools and algorithms work.

- **Length:** 1 hour
- **PDHs:** 1.0
- **Instructor:** Richard Funderburg (Ph.D., UIS)

Demand for Transit in the RTA Service area post-COVID

Overview: With workers slowing to return to using public transit since the pandemic, this course discusses large budget shortfalls for transit agencies across the nation. A leading theory suggests a permanent increase in working from home will delay ridership recovery for the foreseeable future. But what workers can work from home and which routes are impacted? Join Dr. Richard Funderburg in this on-demand webinar for transit in Greater Chicago. He shares recent findings from state-of-the-art research using cell phone tracing data to gauge travel demand.

- **Length:** 1 hour
- **PDHs:** 1.0
- **Instructor:** Richard Funderburg (Ph.D., UIS)

2024 FALL TRAINING COURSE DESCRIPTIONS

Ameren Live Line Demo

Overview: This in-person training will cover electricity and how to stay safe around high voltage overhead powerlines. It is well-suited for public works departments and first responders, providing lessons on how to respond in an emergency when dealing with fallen power lines/wires, whether they're on the road or if maintenance equipment accidentally encounters them overhead.

- **Length:** ½ day
- **PDHs:** 0.0
- **Instructor:** Steve Hancock (Ameren)

IDOT Phase 1 Course

Overview: To develop a better understanding of the Illinois Department of Transportation's Phase 1 process.

Topics Covered: Developing a transportation project's purpose and need, roles and responsibilities of local, state, and federal agencies, environmental studies conducted through the Environmental Survey Request process, analyzing and incorporating necessary engineering and environmental findings, and differences among Categorical Exclusions (CE), Environmental Assessments (EA), and Environmental Impact Statements (EIS).

- **Length:** 1 day
- **PDHs:** 6.0
- **Instructors:** John Sherrill and Felecia Hurley, Carlos Feliciano and Chad Riddle Kevin Stallworth & Ben Sperry Andrea Eddy and Joe Galloy (all IDOT)

Manual on Uniform Traffic Control Devices (MUTCD) - Update

Overview: This course provides basic principles, guidance and the importance of compliance with the MUTCD. It will include general discussion on how and why devices are included in the manual.

- **Length:** 1 hour
- **PDHs:** 1.0
- **Instructor:** Todd Schmidt (FHWA)

Permitting in the Floodplain – A review of the state and local process

Overview: This course provides basics for the state and local floodplain permit requirements. It covers floodplain mapping and gives an overview of the requirements to receive both a state and local floodplain development permit. Training covers a review of the differences in State jurisdiction and regulations and the National Flood Insurance Program (NFIP) requirements that are implemented at the local level through the community's floodplain development ordinances.

- **Length:** 1 hour
- **PDHs:** 1.0
- **Instructor:** Erin Conley & Bill Milner (IDNR)

Chainsaw Safety Training

Overview: This course will cover safety and risk management, chainsaw operation/handling, chainsaw cutting, felling procedures, specialized cutting situations, and chainsaw maintenance.

- **Length:** 3.0 hours
- **PDHs:** 0.0
- **Instructor:** Jim Nelson (Nelson Land Management)

Waiver Valuation Workshop: The Nuts and Bolts to Preparing Waiver Valuations

Overview: This workshop provides training on the essential requirements and a basic foundation for the preparation of waiver valuations, according to the Uniform Relocation Assistance and Real Property Acquisition Act of 1970.

Topics Covered: Key practical insights, appraisal principles, and appropriate applications that will assist local agencies in preparing waiver valuations effectively and in compliance with federal and state requirements.

- **Length:** 1 day
- **PDHs:** 6.0
- **Instructor:** James Miller (IDOT)

You, Others & Their Real Colors

Overview: Why do people act the way they do? Everyone has a unique temperament, and understanding someone's Real Colors® reveals what motivates them. This program helps professionals explore their own behavior and improve communication with coworkers and clients. By better understanding different personalities, participants can work more efficiently and enhance workplace satisfaction, gaining skills that benefit both their professional and personal lives.

- **Length:** 1 day
- **PDHs:** 0.0
- **Instructors:** Tim Peters, Barry Kent, Stephanie Stoverink, Barry Lamb and Lisa Godfrey (IDOT T2 Team)

COMING SOON AND ADDITIONAL COURSES

COMING SOON!

JULIE Essentials for Excavators

Overview: This seminar includes in-person training from JULIE professionals on safe excavation practices and remote ticket entering. It is well-suited for public works departments and provides end-to-end training from entering the ticket to cleaning up the worksite.

- Length: 1 hour
- PDHs: TBD
- Instructor: Consultant

CDL Theory Training

Overview: The Illinois Technology Transfer Center is providing CDL theory training free of charge via eLearning. Illinois T2 is not providing behind-the-wheel training.

We provide the theory eLearning modules, which cover the training and testing required for individuals seeking a Class A CDL, a Class B CDL and an upgrade from a Class B to a Class A CDL. The CDL theory training modules being provided by IDOT T2 were developed by the Clear Roads pooled fund program, with funding from state departments of transportation.

- Length: TBD
- PDHs: TBD
- Instructor: Lisa Godfrey (IDOT T2)

ADDITIONAL COURSE OFFERINGS

- **ADA Self-Evaluation and Transition Plans**
Tim Peters (IDOT)
- **ADA/PROWAG (Proposed Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way)**
Traci Baker (FHWA) and Tim Peters (IDOT)
- **Basic Essentials of the Uniform Act, Real Estate Workshop for LPAs**
James Kyte (FHWA)
- **Basic Math Refresher Training**
Barry Kent (IDOT)
- **Basic Supervisory Skills**
Barry Kent (IDOT)
- **CDL Theory Training**
Lisa Godfrey (IDOT T2)
- **Commercial Driver's License Training**
Dan Meyer (Division Administrator-Illinois Division, Federal Motor Carrier Safety Administration)
- **Communication Excellence: Written Communication and Maximizing Social Media in the Workplace**
Bree Hankins (IDOT)
- **Concrete Pavements 101**
Luke B. McHugh (National Ready Mix Concrete Association) and James D. Randolph (Illinois Ready Mix Concrete Association)
- **Concrete Structures (STTP-S13)**
Doug Dirks (IDOT)
- **Contract Administration (STTP-S100)**
Mike Copp (IDOT)
- **Creating a Healthy Workplace Culture Starts With You**
Heather Humphrey (IDOT)
- **Drilled Shafts Construction Inspection (STTP-S32)**
Doug Dirks (IDOT)
- **Drones 101**
Barry Kent (IDOT)
- **Drones 201: Enhancing Safety and Productivity in Transportation Projects through Drone Technology**
Christopher Mason (American Survey)
- **Drug and Alcohol Testing Regulations**
Shelly Miller and Matt Wells (Mid-West Truckers Association, Inc.)
- **Earth Excavation and Embankment (STTP-S15)**
Ryan Sheley (IDOT)
- **Emerging Size/Weight Technologies**
Geno Koehler (IDOT)
- **Excavating-Trenching**
County Highway Department
- **Flagger Training**
Stephanie Stoverink (IDOT)
- **Galvanized Press Brake Tub Girder Bridge Technology**
Jeff Simkins and Greg Mitchel (Valmont Bridge Solutions)

ADDITIONAL COURSES CONTINUED

- **General Administrative Duties of the Township Highway Commissioner**
Barry Kent (IDOT)
- **Grant Accountability and Transparency Act (GATA)**
Carissa Calloway and Dana Edwards
Denise Johnson and Shelly Runyard
Aubrey Schuckman and Cassandra Squires and Melanie Turner (ALL IDOT)
- **HEC-RAS Training**
Consultant
- **IDOT Phase 1 Course**
John Sherrill and Felecia Hurley
Carlos Feliciano and Charles Riddle
Kevin Stallworth and Ben Sperry
Josh Vennas and Shawn Wilcockson (ALL IDOT)
- **Illinois Roads Scholar Program**
APWA Chicago Metro Chapter partnering with IDOT T2
- **Illinois Statutes and Rules for Professional Engineering**
Tim Peters (IDOT)
- **Implementing Safe Work Zone Operations Strategies**
FHWA
- **Instructing the Implementing Safe Work Zone Operations Strategies Training Course**
FHWA
- **JULIE Essentials for Excavators**
Consultant
- **Land Acquisition: Negotiation Skills Workshop**
James Kyte (FHWA)
- **Land Acquisition: A Federal and State Update**
James Kyte (FHWA)
- **Live Line Demo**
Consultant
- **MFT (Motor Fuel Tax) Accounting and Compliance Review**
Amy Whitecotton (IDOT)
- **MFT (Motor Fuel Tax) Eligibility & Spending Process**
Barry Kent, George Tapas, Shawn Ortgiesen, Kayla Friederich, Susan Green, Brian Trygg and Tim Peters
- **MUTCD (Manual on Uniform Traffic Control Devices) Training**
Dean Mentjes (FHWA) and Marshall Metcalf (IDOT)
- **PASER**
Brian Tjernlund (Assistant Lee County Engineer)
- **PCC Pavement Construction Inspection (STTP-S21)**
Doug Dirks (IDOT)
- **Permeable Pavements Workshop FHWA Pile Foundation Construction Inspection (STTP-S19)**
FHWA
- **Pile Foundation Construction Inspection (STTP-S19)**
Mike Copp (IDOT)
PREREQUISITE: Probability of assignment to inspection and documentation of pile driving operation
- **Plant Mix Asphalt: Design, Construction, Maintenance, and Rehabilitation**
Kevin Burke III (Illinois Asphalt Pavement Association)
- **Professional Conduct and Ethics**
Tim Peters (IDOT)
- **Project Administration Seminar**
IDOT T2 & CBLRS Staff (IDOT)
- **Proposed Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way Seminar**
Traci Baker (FHWA) and Tim Peters (IDOT)
- **Qualification Based Selection Training**
Tim Peters (IDOT)
- **Repairing Pipe Culverts with Pipe Liners**
Mark Shaffer (IDOT)
- **Savings & Utility Rebates with Smart LED Street Lights and Controls**
Matt O'Brien (The Will Group/TWG Infrastructure Solutions)
- **Seal Coats (Oil and Chipping)**
Consultant
- **Seal Coat, Gravel, and Dirt Roads**
Tim Peters (IDOT)
- **Sexual Harassment Prevention Training (Instructor-led online)**
Barry Kent and Tim Peters (IDOT)
- **Small Drainage Structures Construction Inspection (STTP-S46)**
Mike Copp (IDOT) and Ryan Sheley (IDOT)
- **Smart Roadway Lighting Solutions/ Energy Cost Savings & Utility Rebates with Smart LED Street Lights and Controls**
Matt O'Brien (The Will Group/TWG Infrastructure Solutions)
- **Soils Field Testing and Inspection Course (STTP S-33)**
IDOT Representative
- **Social Media: Do's and Don'ts**
Joe Schatteman (IDOT)
- **Soils Field Testing and Inspection Course (STTP S-33)**
IDOT Representative
- **Steel Structures Construction Inspection (STTP-S51)**
Justan Mann (IDOT) and Ryan Sheley (IDOT)
- **Tractor Mower Operator Safety Training**
Consultant
- **Turning Conflict into Resolution**
Heather Humphrey (IDOT)

ADDITIONAL COURSES CONTINUED

- **Understanding USACE and IDNR/OWR Permitting Requirements for Road Projects**

- Springfield: Donna Jones (Army Corps of Engineers) and Bill Milner (IDNR)
- Downstate: Keith McMullen (Army Corps of Engineers) and Steve Altman (IDNR)
- St. Louis: Julie Rimbault (Army Corps of Engineers)
- Chicago: Gary Jereb (IDNR)

- **Waiver Valuation Workshop: The Nuts and Bolts to Preparing Waiver Valuations**

James Kyte (FHWA)

- **WMFT (Web Motor Fuel Tax)**

Barry Kent (IDOT)

- **Waiver Valuation Workshop: The Nuts and Bolts to Preparing Waiver Valuations**

James Kyte (FHWA)

- **Welding Workshop for Highway Structures**

Justin Ocel, Ph.D., P.E (FHWA)

- **Workplace Diversity**

T2 Team (IDOT)

LOCAL AGENCY ONLY CLASSES

- **Flagger Training**

Stephanie Stoverink and Lisa Godfrey (IDOT)

- **Work Zone Safety**

Juan Pava (IDOT), Paul Gurklys (IDOT), and Dean Mentjes (FHWA)

- **You, Others & Their Real Colors Training Series**

- **Real Applications**

PREREQUISITE: You, Others & Their Real Colors

Tim Peters, Barry Kent, Stephanie Stoverink, Lisa Godfrey and Barry Lamb (IDOT)

- **Real Solutions**

PREREQUISITE: You, Others & Their Real Colors

Tim Peters, Barry Kent, Stephanie Stoverink, Lisa Godfrey and Barry Lamb (IDOT)

- **Real Teams**

PREREQUISITE: You, Others & Their Real Colors

Tim Peters, Barry Kent, Stephanie Stoverink, Lisa Godfrey and Barry Lamb (IDOT)

- **Real Leadership**

PREREQUISITE: You, Others & Their Real Colors

Tim Peters, Barry Kent, Stephanie Stoverink, Lisa Godfrey and Barry Lamb (IDOT)
