Requirements for Acceptance of Bridge Paint Systems

July 21, 2017

All material must be sampled / tested / approved by IDOT before use.
Check each batch of material for MISTIC approval number.
Any questions contact Anthony Wagner (217) 782-7218.

The following products have passed preliminary testing for the **Moisture Cured Urethane Paint System** as required by the latest Special Provision for "Moisture Cured Urethane Paint System." **Each batch of material requires testing and approval before use.**

Manufacturer	MCU Zinc Primer	MCU Intermediate	MCU Finish
