

IMPLEMENTATION OF ENVIRONMENTAL BEST MANAGEMENT PRACTICES (BMPs)

WHAT TOPICS WILL BE ADDRESSED?

- Air Quality
- Community and Social Resources
- Ecology and Natural Resources
- Economics
- Energy
- Floodplains
- Historical and Archeological Resources
- Land Use
- Noise
- Parks and Recreation
- Soils and Geology
- Special Waste
- Vegetation
- Visual Resources
- Water Quality
- Wetlands

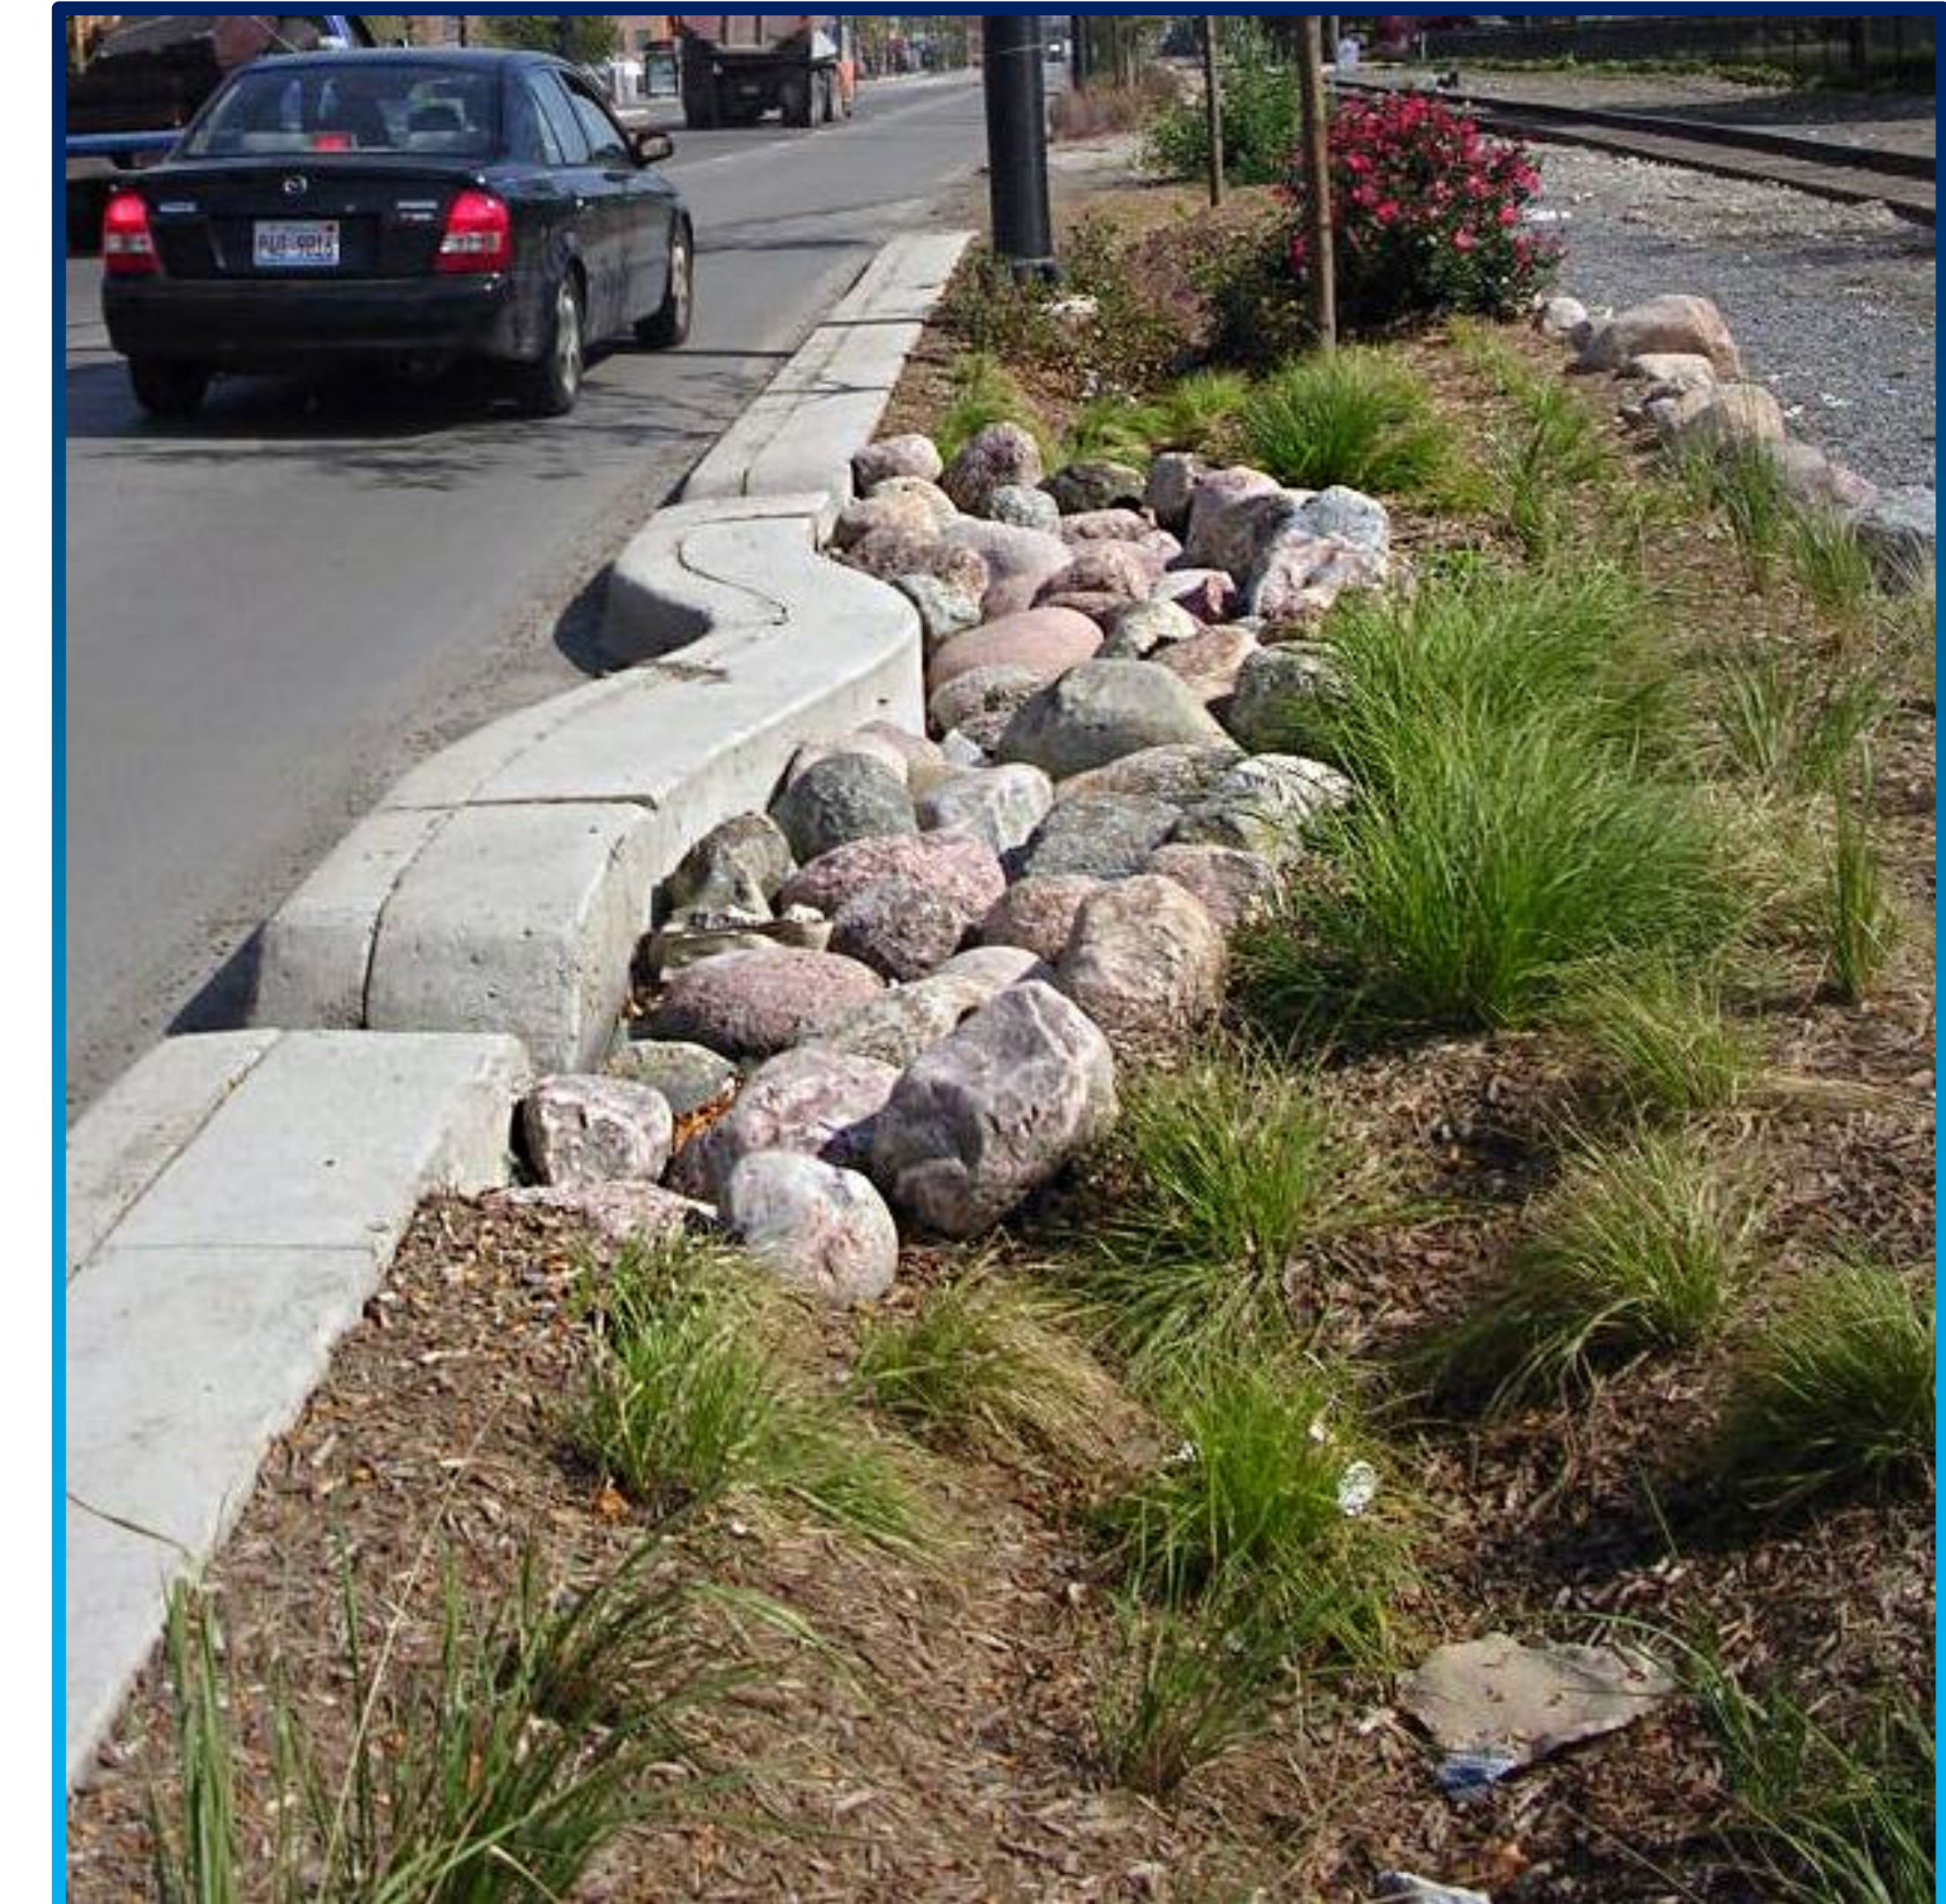

VEGETATED BUFFER

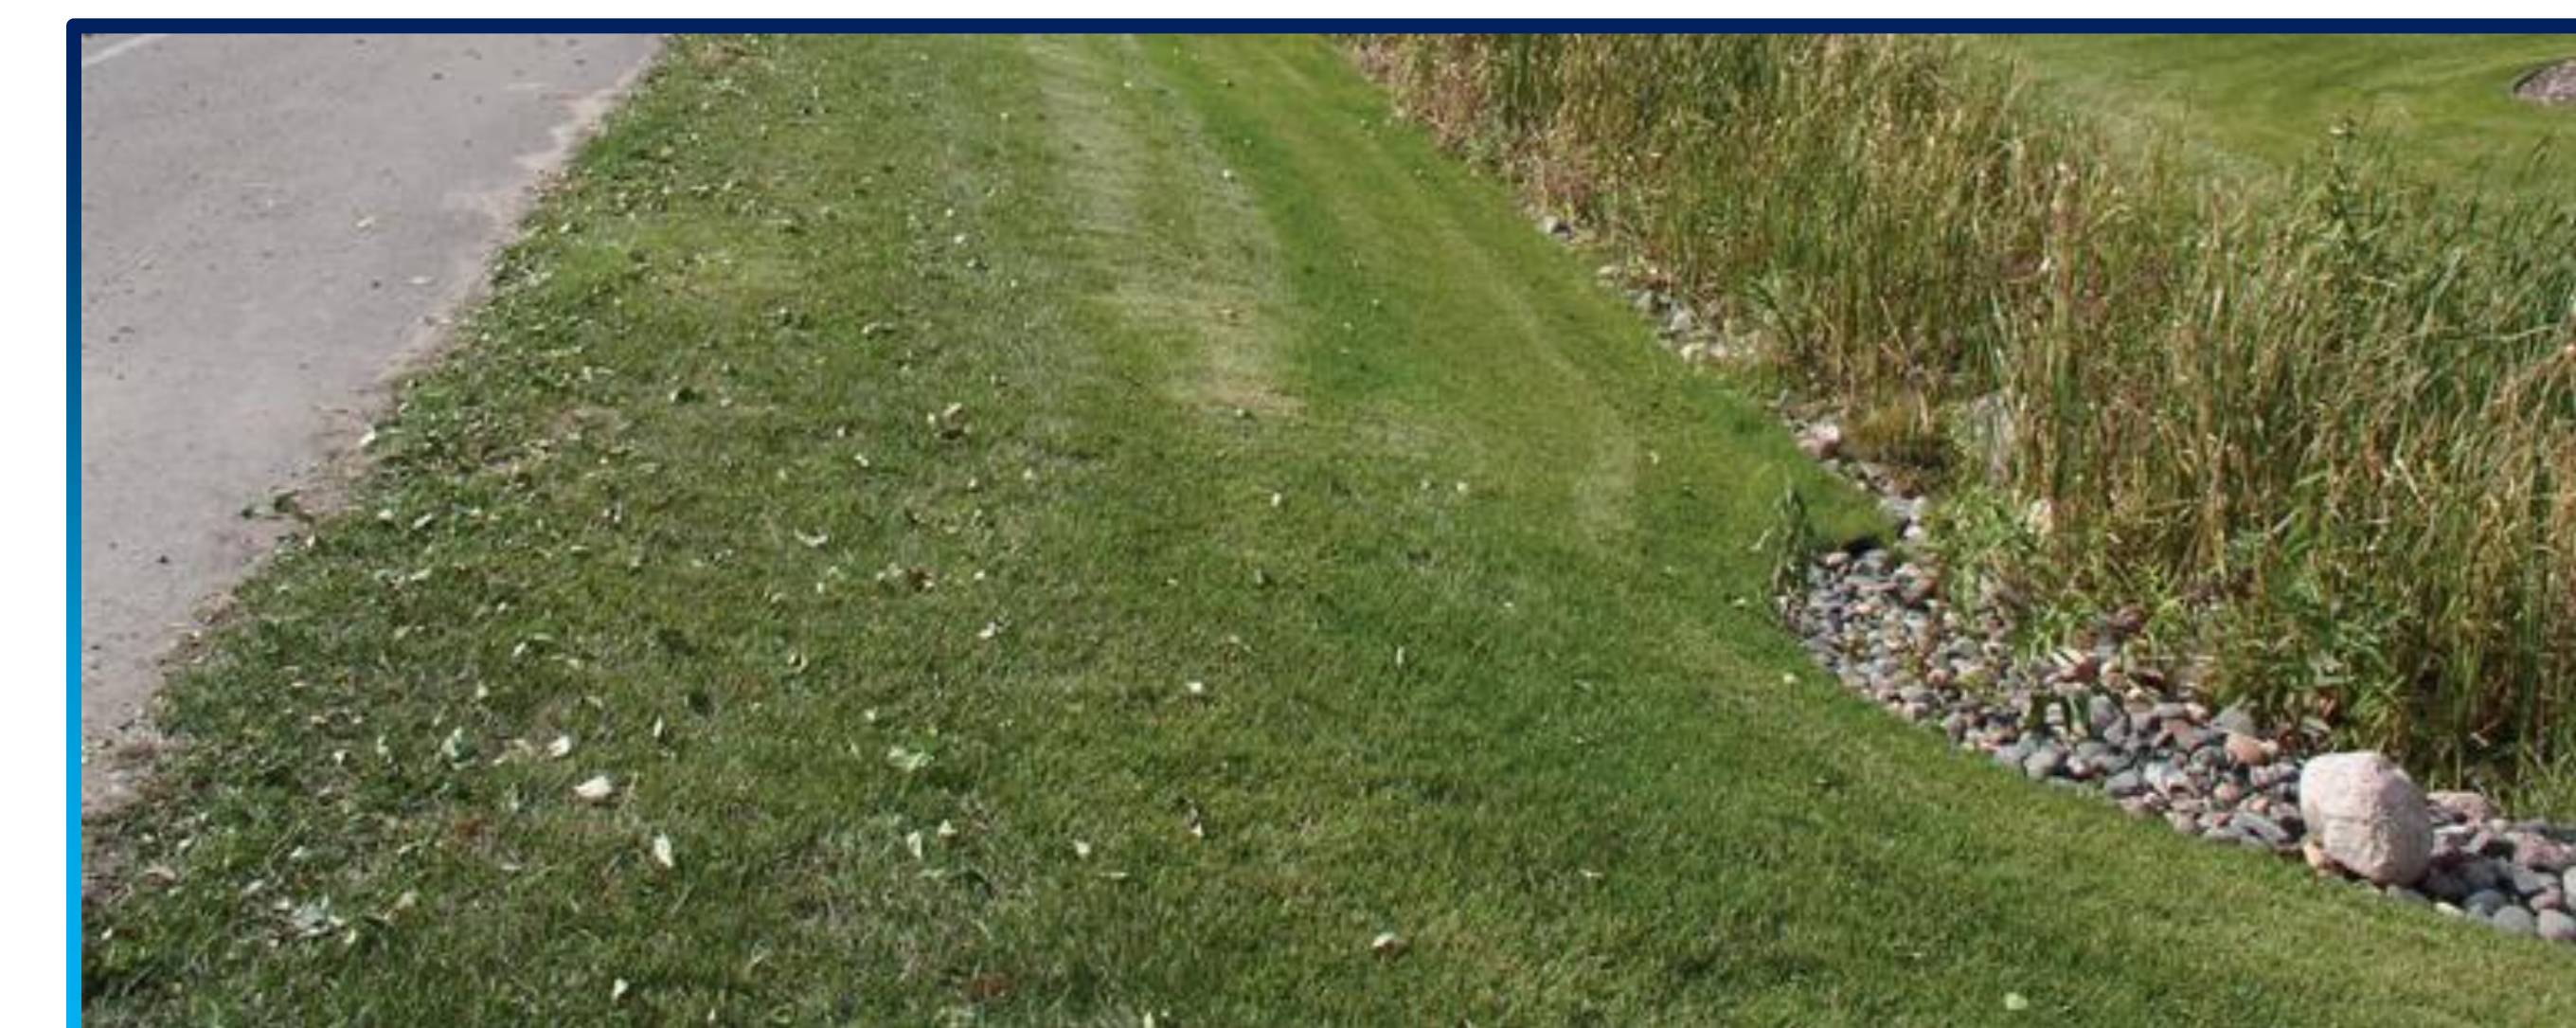

PIPE INLET PROTECTION

TREE PROTECTION

BIOSWALE

VEGETATED SWALE

EXAMPLES OF POTENTIAL BMPs TO BE IMPLEMENTED

- Avoidance of Sensitive Areas
- Bioswales
- Ditch Checks
- Floatation Boom
- Protection of Existing Vegetation
- Perimeter Vegetated Buffers
- Stockpile Management
- Temporary Erosion Control Seeding
- Mulching
- Perimeter Erosion Control Barrier
- Storm Drain Inlet Protection
- Storm Drain Outlet Protection
- Sediment Basins / Traps
- Stabilized Construction Exits
- Tire Washout Stations

PIPE OUTLET PROTECTION
