The Illinois Department of Transportation, District 3 office, will conduct a public information meeting regarding a study to reconstruct the I-57 interchange at IL 17 (Court Street) in Kankakee. The purpose of the meeting is to receive public comments on the preliminary proposed improvements. Proposed improvements are anticipated to involve roadway reconstruction on I-57 and IL 17 (Court Street) with drainage, intersection and safety improvements as needed. Alignment changes are proposed along I-57 and will require replacement of the bridges carrying Waldron Road and the KB&S Railroad over I-57. Permanent and temporary closure or relocation of some local streets and entrances will be necessary. Acquisition of additional right of way will be required. An analysis of potential highway traffic noise impacts will be performed during the study in accordance with Department policy.

The meeting will be conducted in an open house format with no formal presentation. IDOT personnel will be available to receive input, provide information and answer questions. Exhibits and maps will be available for the public to review. All interested persons are invited to attend and participate.
