

PUBLIC MEETING NOTICE

*See You
There!*

**May
12TH
1-6 p.m.**

The Illinois Department of Transportation cordially invites you to learn more about the proposed reconstruction of and improvements to the IL 84 / IL 92 corridor in Silvis at an open house public meeting from 1-6 p.m. on Tuesday, May 12, 2026 at The Bend Event Center, 910 Bend Blvd., East Moline.

The IL 84 / IL 92 corridor in Silvis stretches from west of 19th Street to the IL 5 interchange east of Silvis.

Proposed improvements include:

- + Pavement reconstruction
- + New sidewalks and/or shared-use paths on both sides of the roadway
- + On-street parking on the west end and in the business district
- + Center two-way left turn lane on the east end
- + Separated bicycle lane through the business district
- + New curb and gutter and storm sewers

The Public Meeting will include exhibits and maps detailing existing conditions and proposed improvements, as well as the opportunity to ask questions and provide direct feedback to the study team.

Additional right-of-way will be required from several properties for the proposed improvements. The proposed project may involve the temporary use of land from the Hero Street Monument, Railway Park, and 17th Street Park properties in order to construct proposed improvements. The temporary use would not affect the activities at the properties or affect the attributes that make the properties eligible for Section 4(f) protection. Through publication of this notice, IDOT is requesting the public's views on the proposed use of the properties and on the intent to make a Section 4(f) de minimis determination.

What do you say?!

Our project success relies upon stakeholder feedback – please share your thoughts, experiences, and opinions!

IN-PERSON: Fill out a comment form at the public meeting
